SPRING/SUMMER 2010

VOLUME 2 | NUMBER 1

BCE NEWS

CALIFORNIA BOARD OF CHIROPRACTIC EXAMINERS NEWSLETTER

FROM OUR CHAIR:

As we enter a new fiscal year,

I would like to share with our California licensees and consumers of chiropractic care some progress highlights of the California Board of Chiropractic Examiners (BCE), especially in enforcement, since our newsletter one year ago.

The past year has been significant for us. We have continued our efforts to make the BCE more transparent and efficient by building on – but never resting on – previous accomplishments.

In January 2010, the Department of Consumer Affairs briefed us on its efforts for sweeping enforcement reform across all the healing arts boards. The Department worked with Senator Negrete-McLeod to initiate comprehensive legislation to achieve this reform. Regrettably, the result of that collaboration, SB 1111 (the Consumer Health Protection Enforcement Act), did not pass the Senate Business and Professions Committee.

At the same time, however, with support from the Enforcement Committee, we conducted our own top-to-bottom review of the BCE's existing enforcement system.

We reviewed SB 1111 and applied principles of the bill that are the most relevant to the BCE in creating a regulation package tailored to expedite our Board's specific enforcement requirements.

I am pleased to report that our enhanced enforcement system has already paid off handsomely. We have reduced our average case closure time frame from five years, at the beginning of 2007, to its current turnaround rate of 10 months.

To my knowledge, this dramatic improvement makes us one of the most efficient healing arts boards in the State and, arguably, the most improved, when it comes to more efficiently resolving enforcement cases for both consumers and licensees.

Other milestones include the Board's Manipulation Under Anesthesia regulation, which took effect on April 18, 2010. With this regulation, consumers are better protected from serious injury because chiropractors must follow specific standards when performing chiropractic manipulation on patients under anesthetic sedation.

Post Your License Proudly

As chiropractors, you're aware of the rigorous requirements this Board asks you to fulfill before we issue you a license to practice in California — among them, comprehensive academic and clinical training, successful completion of national and State examinations, and a clean background check.

We know the path to licensure may not be easy, but we believe you'd agree that California's chiropractors and the Board responsible for their licensing share a responsibility in ensuring the health and well-being of patients of chiropractic care across the state.

We're confident that you join with us at the Board in taking this responsibility seriously.

We're also taking this opportunity to remind you that displaying your license is not only a privilege that is well deserved but also a requirement under Section 308 of the Board's Rules and Regulations. Your license must be clearly visible to consumers at your place of practice, including any certificates issued for satellite offices.

You've earned the right to post your license proudly, and we encourage you to do precisely that. Displaying your license is more than compliance — it is our mutual pledge to provide continued excellence in chiropractic care to California's consumers.

Protecting California consumers from the fraudulent, negligent, or incompetent practice of chiropractic care.

BOARD HONORED BY INTERNATIONAL REGULATORY ASSOCIATION

California's Board of Chiropractic Examiners (BCE) has been honored by the Federation of Chiropractic Licensing Boards (FCLB) with the 2010 Dr. Earl L. Wiley Outstanding Chiropractic Licensing Board Award. BCE is now the only chiropractic board in the history of the award to receive the honor twice.

This international award was bestowed on the BCE at the FCLB's Educational Congress in Baltimore, Md. It represents more than three years of very hard work by the BCE, and is the highest award that can be bestowed upon a chiropractic regulatory board.

The BCE has been working diligently to improve the standards of care in the chiropractic profession in California. Since 2007 we have made several regulatory improvements and have reduced our case resolution time down to one of the shortest of all the State's healing arts boards. We have also implemented procedures that make us one of the most transparent regulatory boards in California, including live webcasting of our meetings.

The Earl L. Wiley award is given each year to a board that has set a new standard for chiropractic regulation. The award means the board is recognized by its peers as a model for the excellence in carrying out its responsibility to protect the health, safety, and welfare of the public.

GOVERNOR REAPPOINTS TWO BOARD MEMBERS

Francesco Columbu, D.C., of Los Angeles, was initially appointed to the Board by Governor Schwarzenegger on February 10, 2006, and was reappointed to a second term on February 25, 2010. He has been a practicing chiropractor in West Los Angeles since 1978. Dr. Columbu has won every major title in bodybuilding and weightlifting and has held a number of power lifting world records. He is a two-time Mr. Olympia and Mr. Universe, and also held the title of Mr. World.

Hugh Lubkin, D.C., of Elk Grove, was initially appointed to the Board by Governor Schwarzenegger on February 28, 2007, and was reappointed to a second term on February 25, 2010. Dr. Lubkin has owned and practiced at Laguna Chiropractic Clinic in Elk Grove since 1991. He is also a qualified medical evaluator for workers' compensation cases and is a medical legal expert for injury and professional malpractice cases. Dr. Lubkin is a graduate of the Chiropractic Orthopedics Program of Western States Chiropractic College and is a former vice president of the International Chiropractors Association of California, where he is currently on the board of directors.

CONTINUED FROM P. 1

In addition, a regulation allowing the BCE to recognize specialty programs went into effect on April 15, 2010. The Board has also submitted amendments to regulations on reporting licensee violations, which have been approved by the Office of Administrative Law and will take effect on June 26, 2010.

The BCE also filed live fingerprint regulations on April 19, 2010, requiring all licensees to comply with electronic fingerprinting and facilitating the access of law enforcement agencies to licensee fingerprints to further enhance enforcement efforts.

Continuing education regulations constitute our most ambitious project to date. We have worked with numerous stakeholders for roughly two years and anticipate submitting the final regulation package within the next several months. If we gain approval for instituting these regulations, we will be able to offer one of the most progressive chiropractic continuing education programs in the country.

Although the Board has not levied a license fee increase since 1991, increased litigation and enforcement costs have made it necessary to propose a fee increase to keep the BCE financially solvent. Assembly Bill 1996 (Hill), which is pending, will increase the annual license renewal fee from $150 up to $250.

At the BCE, we owe our accomplishments, in large part, to incredible teamwork. In my estimation, our staff remains one of the best across California's healing arts boards.

We are indebted to Interim Executive Officer Robert Puleo, who has been doing an excellent job since Brian Stiger was promoted from this position to become the Director for the Department of Consumer Affairs. Special thanks are also due to the Board's legal counsel, Ms. LaVonne Powell, for her outstanding contributions to the Board's work.

I would be remiss if I failed to mention the dedication of our Board members and their investment in the BCE. I'd especially like to thank our Vice Chair, Hugh Lubkin, D.C.; our Secretary, Franco Columbu, D.C.; Richard Tyler, D.C.; and Jeffrey Steinhardt, D.C. I am hopeful that we will soon be adding two public appointees, once more restoring the Board to its full complement of members.

I additionally want to acknowledge the valued participation in Board operations of such organizations as the International Chiropractic Association of California, California Chiropractic Association, National Board of Chiropractic Examiners, and Federation of Chiropractic Licensing Boards.

Finally, I extend thanks to the backbone of the BCE — California's consumers of chiropractic care and the practitioners we license — without whom we could not exist.

With the start of a new FY, we are renewing our commitment to make consumer safety and a fair marketplace for practitioners our top priorities.

As a reminder, the current language for our existing and proposed regulations is available on the BCE Web site at **www.chiro.ca.gov**. I encourage all of you to attend our regular meetings or view the audiovisual recordings of the meetings, also on our Web site.

Sincerely,

Fred N. Lerner, D.C.
Chair, Board of Chiropractic Examiners

CHECK THE LICENSE

The BCE advises consumers to check the license of any individual claiming to be a chiropractic doctor.

A properly licensed chiropractic doctor has completed comprehensive academic and clinical training, passed national and State examinations, and completed a background check before the Board will issue a license. Chiropractic doctors must renew their license annually and post their license in plain view for consumers to see.

You can easily verify a license by checking our Web site at **www.chiro.ca.gov** and clicking on "License Search." Enter the name or license number, and the search will confirm if the individual is licensed. The search also has additional information, such as whether the licensee has disciplinary action pending, prior disciplinary action, or if his or her license is on probation.

You may also obtain this information by contacting the Board directly at (916) 263-5355 or toll free at (866) 543-1311.

JOIN THE BCE E-MAIL SUBSCRIPTION LIST

The BCE invites you to join our e-mail subscription list. As your State licensing agency, the BCE issues and renews licenses, approves continuing education, disciplines licensees for rule violations, and prosecutes individuals unlawfully practicing chiropractic care without a license, among other duties. We want you to stay informed on the many important topics and actions of the BCE, including Board and committee meetings, regulatory hearings, and this newsletter. It's easy; just visit our Web site: **www.chiro.ca.gov**, click on "Join Our Mailing List" under the "For Consumers" tab, and provide your information at the prompts.

JOIN TODAY AND STAY INFORMED!

DISCIPLINARY ACTIONS April 1, 2009 – December 31, 2009

NAME AND CITY	LICENSE NO.	ACTION	EFFECTIVE DATE	ALLEGED VIOLATIONS
Aboul-Hosn, Zeyad - Yuma	DC 28609	Revocation stayed, 30 day suspension, 5 years probation	05/20/2009	Conviction of a crime, Unprofessional conduct
Adams, Todd - Mission Viejo	DC 13434	Revocation	06/26/2009	Conviction of a crime, Unprofessional conduct
Aguilar, John - Fresno	DC 17247	Revocation	04/23/2009	Conviction of a crime, Unprofessional conduct
Bahnsen, John - Santa Barbara	DC 22277	Revocation	12/23/2009	Unprofessional conduct, Fail to comply with probation

Workman, Rodney Los Angeles	DC 28921	11/19/2009	Conviction of a crime

*As used in this summary, the term "accusation" is a formal document that notifies a licensee of the agency's charges against the licensee, and that requests a disciplinary order. The licensee is entitled to contest the charges in a formal hearing before an administrative law judge. An accusation is usually resolved by an agency decision following such a hearing or by an agency decision pursuant to a settlement agreement. Often there is a considerable period of time between the date of filing an accusation and the resolution of the accusation.

* Payment of the fine is a satisfactory resolution to the citation

HELP US STAY IN TOUCH – LET US KNOW IF YOU'VE MOVED

Section 303 of the Board's Rules and Regulations requires that licensed chiropractors in the State of California file with the Board a current address for each principal place of practice and for every associated satellite office.

You must notify us within 30 days of new addresses for any places of practice.

If you're renewing your license, this will avoid critical delays in receiving your renewal notice or other important Board information because we've sent mail to an incorrect address.

Submit your address changes via U.S. mail or fax by completing the Address Change Request form, which is available on the Board's Web site at **www.chiro.ca.gov/res/docs/pdf/forms/AddrChngReq.pdf**.

BOARD MEMBERS:

Chair
Frederick N. Lerner, D.C.

Vice Chair
Hugh Lubkin, D.C.

Secretary
Francesco Columbu, D.C.

Jeffrey Steinhardt, D.C.
Richard Tyler, D.C.

INTERIM EXECUTIVE OFFICER:
Robert Puleo

BOARD OF CHIROPRACTIC EXAMINERS
