## **BOARD MEMBER ADMINISTRATIVE PROCEDURE MANUAL**

### **Board Member Attendance at Board Meetings** (Board Policy)

Being a Member of the Board is a serious commitment of time and effort to the governor, and the people of the State of California. Board Members shall attend a minimum of 75% of all scheduled committee meetings and scheduled Board meetings. In extraordinary circumstances, the Chair may excuse a Board Member from this obligation. If a Member is unable to attend a Board Meeting, he or she must contact the Board Chair or the Executive Officer, and provide a verbal notice followed by a written explanation of their absence as soon as possible thereafter.

### **Public Attendance at Board Meetings** (Government Code Section 11120 et seq.)

Meetings are subject to all provisions of the Bagley-Keene Open Meeting Act. This Act governs meetings of the state regulatory Boards and meetings of committees of those Boards where the committee consists of more than two Members. It specifies meeting notice, agenda requirements, and prohibits discussing or taking action on matters not included on the agenda. If the agenda contains matters which are appropriate for closed session, the agenda shall cite the particular statutory section and subdivision authorizing the closed session.

### **Agenda Items** (Board Policy)

Board Members may submit agenda items for a future Board meeting during the "Future Agenda Items" section of a Board meeting or directly to Executive Officer 21 days prior to a Board meeting.

Agenda item requests shall be placed on the Board or Committee meeting agenda within two meetings from receipt of the original request.

In the event of a conflict in scheduling an agenda topic, the Board Secretary will discuss the proposed agenda item with the Board Chair, and the Board Chair shall make the final decision to schedule the item at the upcoming or following Board Meeting. The Board Secretary will work with the Executive Officer to finalize the agenda.

### **Notice of Meetings** (Government Code Section 11120 et seq.)

Meeting notices, including agendas, for Board meetings will be sent to persons on the Board's mailing list at least 10 calendar days in advance, as specified in the Bagley-Keene Open Meeting Act. The Board must approve any proposed decision or stipulation before the formal discipline becomes final and the penalty can take effect.

Proposed stipulations and decisions are e-mailed to each Board Member for his or her vote. For stipulations, a background memorandum from the assigned deputy attorney general accompanies the e-mail ballot. A two-week deadline generally is given for the e-mail ballots for stipulations and proposed decisions to be completed and returned to the Board's office.

Board Members are required to submit a vote on no less than 75% of proposed stipulations and decisions provided for review. The Executive Officer shall notify the Board Chair if a Board Member fails to meet the required minimum standard for email ballot review. If it is the Board Chair that fails to meet the review standard, the Executive Officer will notify the Board Vice Chair.

### **Holding Disciplinary Cases for Board Meetings** (Board Policy)

When voting on e-mail ballots for proposed disciplinary decisions or stipulations, a Board Member may wish to discuss a particular aspect of the decision or stipulation before voting. If this is the case, the ballot must be marked "hold for discussion," and the reason for the hold must be provided on the mail e-ballot. This allows staff the opportunity to prepare information being requested.

If one vote is cast to hold a case for discussion, the case is set aside and not processed (even if four votes have been cast on a decision). Instead the case is scheduled for a discussion during a closed session at the next Board meeting.

If the matter is held for discussion, staff counsel will preside over the closed session to assure compliance with the Administrative Procedure Act and Open Meeting Act.

If the Board Member is comfortable voting on the matter, but wishes to discuss the policy behind the decision or case, the ballot should be marked

## **BOARD MEMBER ADMINISTRATIVE PROCEDURE MANUAL**

If still unresolved or if the matter is to be referred to the Board, the policy issue will be placed on the agenda for discussion at the next Enforcement Committee Meeting.

Any time a Member votes to "hold for discussion" the Chair, EO and Legal Counsel will discuss the Member's concern(s) for educational purposes and to evaluate if any administrative policy modifications should be proposed.

### **Record of Meetings**

1. If, during a Board meeting, a person attempts to provide the Board with any information regarding matters that are currently under or subject to investigation or involve a pending administrative or criminal action, the person shall be advised that the Board cannot properly consider or hear such substantive information and the person must be instructed to refrain from making such comments.
2. If, during a Board meeting, a person wishes to address the Board concerning alleged errors of procedure or protocol or staff misconduct involving matters that are currently under or subject to investigation or involve a pending administrative or criminal action, the Board will address the matter as follows:

  - b. Where the allegation involves significant staff misconduct, the Board shall direct the Executive Officer to review the allegation and to report back to the Board.
3. The Board may deny a person the right to address the Board and have the person removed if such person becomes disruptive at the Board meeting. The Board accepts the conditions established in the Bagley-Keene Open Meeting Act and appreciates that at times the public may disapprove, reprimand, or otherwise present an emotional presentation to the Board, and it is the Board's duty and obligation to allow that public comment, as provided by law.

Board Members will be reimbursed for actual lodging expenses, supported by vouchers, and will be reimbursed for meal and supplemental expenses. Keep all original receipts and submit with your travel expense claim.

### **CHAPTER 4. Board Officers & Committees**

#### **Officers of the Board** (§3 Initiative Act)

The Board shall elect at the first meeting of each new year a Chair, Vice Chair and Secretary from the Members of the Board as specified in the Initiative Act.

#### **Communication Between Officers** (Board Policy)

The Chair, Vice-Chair and Secretary must have timely and effective communication for the efficient operation of the BCE. Failure to respond to email correspondences or failing to address specific topics is inconsistent with professionalism and if a repetitive failure to communicate persists, this will be discussed in a meeting with that officer the Chair and EO to resolve the concern. If all parties agree that communication can not be resolved, the Chair may agendaize the ongoing concern and, if necessary, call for a special election at the next full Board Meeting.

#### **Committee Appointments** (Board Policy)

The composition of the committees and the appointment of the Members shall be determined by the Board Chair. The Chair may consult with the Vice Chair or Secretary and the Executive Officer. The committee will review and recommend positions on legislative bills that affect the Board. The guidelines for identifying, tracking, analyzing, taking positions on proposed legislation are set forth in the BCE "Legislative Bill Tracking" manual.

The Committee oversees all administrative issues regarding BCE operations.

### **Committee Meetings** (Board Policy)

The Board's committees allow Board Members, the public, stakeholders and staff to discuss and conduct problem solving on issues related to the Board's objective and goals.

The committees are charged with coordinating Board efforts to reach the Board's objective and goals and achieving positive results on its performance measures.

The Board Chair designates one member of each committee as the committee's chairperson.

The committee chair will work with the Executive Officer and the Board Chair to set the committee's goals and meeting agendas. The Committee Chair coordinates the committee's work, ensures progress toward the Board's priorities, and presents reports at each meeting.

During any public committee meeting, comments from the public are encouraged, and the meetings themselves are frequently public forums on specific issues before a committee. Committees shall comply with the Bagley-Keene Open Meeting Act.

### Conflict of Interest

(Government Code Section 87100)

Board Members must file a Statement of Economic Interest (Form 700) upon appointment to office, upon leaving office, and on an annual basis in between.

No Board Member may make, participate in making, or in any way attempt to use his or her official position to influence a governmental decision in which he or she knows or has reason to know he or she has a financial interest.

Any Board Member who has a financial interest shall disqualify him or herself from making or attempting to use his or her official position to influence the decision.

Any Board Member who feels he or she is entering into a situation where there is a potential for a conflict of interest should immediately consult the Executive Officer or the Board's legal counsel.

### Contact with Licensees and Applicants

(Board Policy)

Board Members shall not intervene on behalf of a licensee or applicant for licensure for any reason. They should forward all correspondence, contacts or inquiries to the Executive Officer.

### Contact with Respondents

(Board Policy)

Board Members should not directly participate in complaint handling and resolution or investigations. To do so would subject the Board Member to disqualification in any future disciplinary action against the licensee.

## **BOARD MEMBER ADMINISTRATIVE PROCEDURE MANUAL**

Board Members should not discuss pending disciplinary matters with any parties to such matters, including the respondent, his/her attorney, BCE enforcement staff, and DAGs. If a Board Member is contacted by a party to a disciplinary matter, the Board Member should refer the individual to the Executive Officer. When in doubt, the Board Member should seek advice from the Executive Officer or the Board's Legal Counsel.

### **Service of Legal Documents** (Board Policy)

If a Board Member is personally served as a party in any legal proceeding related to his or her capacity as a Board Member, he or she must contact the Executive Officer immediately.

### **Serving as an Expert Witness** (Executive Order 66.2)

Pursuant to Executive Order 66-2, no employment, activity, or enterprise shall be engaged in by any gubernatorial appointee which might result in, or create the appearance of resulting in any of the following:

1. Using the prestige or influence of a State office for the appointee's private gain or advantage.
2. Using state time, facilities, equipment, or supplies for the appointee's private gain or advantage, or the private gain or advantage of another.
3. Using confidential information acquired by virtue of State involvement for the appointees private gain or advantage, or the private gain or advantage of another.
4. Receiving or accepting money or any other consideration from anyone other than the State for the performance of an act which the appointee would be required or expected to render in the regular course of hours of his or her State employment or as a part of the appointee's duties as a State officer.

### **Request for Grants** (Board Policy)

All requests for funding allocations to Board specific projects shall be approved by the Board during a regularly scheduled meeting.

Any requests for grants outside of Board business or projects must be made by the Executive Officer at the Chair's direction. If a Board Member makes an individual request, a copy of the request shall be forwarded to the Executive Officer as soon as possible.

## **BOARD MEMBER ADMINISTRATIVE PROCEDURE MANUAL**

The mechanism for receipt, management, and dispersal of funds shall be pre-arranged and approved by the Board.

### **Gifts from Licensees and Applicants** (Board Policy)

Gifts of any kind create potential obligations or conflicts of interest and should therefore be declined or reported pursuant to the California Political Reform Act.

### **Ex Parte Communications** (Government Code Section 11430.10 et seq.)

The Government Code contains provisions prohibiting ex parte communications. An "ex parte" communication is a communication to the decision-maker made by one party to an enforcement action without participation by the other party. While there are specified exceptions to the general prohibition, the key provision is found in subdivision (a) of section 11430.10, which states:

"While the proceeding is pending, there shall be no communication, direct or indirect, regarding any issue in the proceeding to the presiding officer from an employee or representative of an agency that is a party or from an interested person outside the agency, without notice and an opportunity for all parties to participate in the communication."

Board Members are prohibited from an ex parte communication with Board enforcement staff, a licensee or a respondent while a proceeding is pending.

Occasionally, an applicant who is being formally denied licensure, or a licensee against whom disciplinary action is being taken, will attempt to directly contact Board Members. If the communication is written, the person should read only far enough to determine the nature of the communication. Once he or she realizes it is from a person against whom an action is pending, they should reseal the documents and send them to the Executive Officer.

If a Board Member receives a telephone call from an applicant under any circumstances or licensee against whom an action is pending, he or she should immediately tell the person they cannot speak to them about the matter and inform the Executive Officer and the Board's legal counsel.

If the person insists on discussing the case, he or she should be told that the Board Member will be required to recuse him or herself from any participation in the matter. Therefore, continued discussion is of no benefit to the applicant or licensee.

## **BOARD MEMBER ADMINISTRATIVE PROCEDURE MANUAL**

If a Board Member believes that he or she has received an unlawful ex parte communication, he or she should contact the Executive Officer and the Board's legal counsel.

### **The Honoraria Prohibition**

(Government Code Section 89503)

(FPPC Regulations, Title 2, Division 6)

As a general rule, Members of the Board should decline honoraria for speaking at, or otherwise participating in, professional association conferences and meetings. A Member of a state Board is precluded from accepting an honorarium from any source, if the Member would be required to report the receipt of income or gifts from that source on his or her statement of economic interest.

Board Members are required to report income from, among other entities, professional associations and continuing education providers. Therefore, a Board Member should decline all offers for honoraria for speaking or appearing before such entities.

There are limited exceptions to the honoraria prohibition. The acceptance of an honorarium is not prohibited under the following circumstances:

(1) when a honorarium is returned to the donor (unused) within 30 days; (2) when an honorarium is delivered to the State Controller within thirty days for donation to the General Fund (for which a tax deduction is not claimed); and (3) when an honorarium is not delivered to the Board Member, but is donated directly to a bona fide charitable, educational, civic, religious, or similar tax exempt, non-profit organization.

In light of this prohibition, Members should report all offers of honoraria to the Board Chair so that he or she, in consultation with the Executive Officer and staff counsel, may determine whether the potential for conflict of interest exists.

### **Board Member Orientation**

(Business & Professions Code Section 453 and Board Policy)

B&P Section 453 requires every newly appointed Board Member, within one year of assuming office, to complete a training and orientation program offered by DCA regarding, among other things, his or her functions, responsibilities, and obligations as a Member of a Board.

Per DCA Legal Opinion, Board Member Orientation Training is required for newly appointed Board Members and reappointed Board Members as every appointment is considered a new appointment.

## **BOARD MEMBER ADMINISTRATIVE PROCEDURE MANUAL**

It is the BCE's policy that new Board Members shall, to the extent possible complete the orientation training within six months of assuming office. Additional training shall be provided at the request of the Board or individual Board Members.

### **Ethics Training**

(Government Code Section 11146)

California law requires all appointees to take an ethics orientation within the first six months of their appointment and to repeat this ethics orientation every two years throughout their term.

### **Sexual Harassment Prevention Training**

(Government Code Section 12950.1)

Board Members are required to undergo sexual harassment prevention training and education once every two years. Staff will coordinate the training.

### **Injury to a Board Member**

(Labor Code Section 4600)

If you are or believe you may have been injured, notify the Executive Officer. Injuries are required to be reported and this assists the Executive Officer in remaining compliant with the Labor Code Rules and Regulations. The reported injury will be reviewed by State Compensation Insurance Fund. They have the option to either accept or deny that claim. If the claim is denied, and you believe you have a legitimate claim, you should consult with an attorney. If the claim of injury is accepted by the insurance carrier, then treatment is provided in accordance with the California Labor Code (L.C.). Specifically: L.C. 4600(a) Medical, surgical, chiropractic, acupuncture, and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches, and apparatuses, including orthotic and prosthetic devices and services, that is reasonably required to cure or relieve the injured worker from the effects of his or her injury shall be provided by the employer.

If You Have Additional Questions: Ask the Executive Officer or Staff Counsel. You can also call the Department of Industrial Relations, Division of Workers Compensation at (800) 736-7401 or go to the DWC web site at <http://www.dir.ca.gov/dwc>.

# Legislative Bill Tracking Manual

**Board of Chiropractic Examiners  
January 2016**

**Purpose of this Manual:**

The purpose of this manual is to provide Board Members with a comprehensive framework to understand the legislative process and their part in it. The manual will provide Board Members with the tools necessary to understand a BCE bill analysis.

## **Section 1: Overview Of Legislative Process<sup>1</sup>**

The process of government by which bills are considered and laws enacted is commonly referred to as the Legislative Process. The California State Legislature is made up of two houses: the Senate and the Assembly. There are 40 Senators and 80 Assembly Members representing the people of the State of California. The Legislature has a legislative calendar containing important dates of activities during its two-year session.

### **Idea**

All legislation begins as an idea or concept. Ideas and concepts can come from a variety of sources. The process begins when a Senator or Assembly Member decides to author a bill.

### **The Author**

A Legislator sends the idea for the bill to the Legislative Counsel where it is drafted into the actual bill. The draft of the bill is returned to the Legislator for introduction. If the author is a Senator, the bill is introduced in the Senate. If the author is an Assembly Member, the bill is introduced in the Assembly.

### **First Reading/Introduction**

A bill is introduced or read the first time when the bill number, the name of the author, and the descriptive title of the bill is read on the floor of the house. The bill is then sent to the Office of State Printing. No bill may be acted upon until 30 days has passed from the date of its introduction.

### **Committee Hearings**

The bill then goes to the Rules Committee of the house of origin where it is assigned to the appropriate policy committee for its first hearing. Bills are assigned to policy committees according to subject area of the bill. For example, a Senate bill dealing with health care facilities would first be assigned to the Senate Health and Human Services Committee for policy review. Bills that require the expenditure of funds must also be heard in the fiscal committees: Senate Appropriations or Assembly Appropriations. Each house has a number of policy committees and a fiscal committee. Each committee is made up of a specified number of Senators or Assembly Members.

During the committee hearing the author presents the bill to the committee and testimony can be heard in support of or opposition to the bill. The committee then votes by passing the bill, passing the bill as amended, or defeating the bill. Bills can be amended several times. Letters of support or opposition are important and should be mailed to the author and committee members before the bill is scheduled to be heard in committee. It takes a majority vote of the full committee membership for a bill to be passed by the committee.

Each house maintains a schedule of legislative committee hearings. Prior to a bill's hearing, a bill analysis is prepared that explains current law, what the bill is intended to do, and some background information. Typically the analysis also lists organizations that support or oppose the bill.

---

<sup>1</sup> <http://www.leginfo.ca.gov/bil2lawx.html>

### **Second and Third Reading**

Bills passed by committees are read a second time on the floor in the house of origin and then assigned to third reading. Bill analyses are also prepared prior to third reading. When a bill is read the third time it is explained by the author, discussed by the Members and voted on by a roll call vote. Bills that require an appropriation or that take effect immediately, generally require 27 votes in the Senate and 54 votes in the Assembly to be passed. Other bills generally require 21 votes in the Senate and 41 votes in the Assembly. If a bill is defeated, the Member may seek reconsideration and another vote.

### **Repeat Process in other House**

Once the bill has been approved by the house of origin it proceeds to the other house where the procedure is repeated.

### **Resolution of Differences**

If a bill is amended in the second house, it must go back to the house of origin for concurrence, which is agreement on the amendments. If agreement cannot be reached, the bill is referred to a two house conference committee to resolve differences. Three members of the committee are from the Senate and three are from the Assembly. If a compromise is reached, the bill is returned to both houses for a vote.

### **Governor**

If both houses approve a bill, it then goes to the Governor. The Governor has three choices. The Governor can sign the bill into law, allow it to become law without his or her signature, or veto it. A governor's veto can be overridden by a two thirds vote in both houses. Most bills go into effect on the first day of January of the next year. Urgency measures take effect immediately after they are signed or allowed to become law without signature.

### **California Law**

Bills that are passed by the Legislature and approved by the Governor are assigned a chapter number by the Secretary of State. These Chaptered Bills (also referred to as Statutes of the year they were enacted) then become part of the California Codes. The California Codes are a comprehensive collection of laws grouped by subject matter.

The California Constitution sets forth the fundamental laws by which the State of California is governed. All amendments to the Constitution come about as a result of constitutional amendments presented to the people for their approval.

**Section 2 – Understanding a Legislative Bill:**

This section illustrates the various components of a Legislative Bill. Understanding the components of a bill will help to identify key information quickly. The first page of a bill, as shown on the Anatomy of a Bill attachment, contains the amendment date of the bill, the bills house of origin, bill number, bill author/s, and the bill's date of introduction. The first page will usually identify the date the bill was introduced, code section being added or amended, Legislative Counsel written bill summary, the vote requirement, the bill's fiscal implications, and whether there is any State-mandated local cost. Finally, the bill text is included at the end.

AMENDED IN SENATE APRIL 20, 2005

**SENATE BILL** No. 861

---

Introduced by Senator Speier

February 22, 2005

---

An act to amend Section 14105.7 of the Welfare and Institutions Code, relating to Medi-Cal.

LEGISLATIVE COUNSEL'S DIGEST

SB861, as amended, Speier. Medi-Cal: allowable drug product prices: updates.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Services and under which qualified low-income persons receive health care benefits. Existing law requires the director to update allowable drug product prices no less often than every 30 days, with these updates to include any prior change in drug product price of which the director has received notice.

This bill would, instead, require the director to update allowable drug product prices within ~~48 hours~~ 7 days of receiving notice of a drug product price change.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. Section 14105.7 of the Welfare and Institutions
- 2 Code is amended to read:
- 3 14105.7. (a) In order to fairly reimburse pharmacies for the
- 4 furnishing of prescription drugs to Medi-Cal beneficiaries, the
- 5 director shall update allowable drug product prices within 48

← Bills are introduced in sequential order

← Date introduced

Legislative Counsel drafts legislation and writes a summary.  
←

*Italics indicate amending language. Strikeouts show deletion.*

Bills which affect State spending are "appropriation" measures and require 2/3rds vote.

↑  
This is actual language which would have become part of the Welfare and Institutions Code had the bill not been amended several more times before being enacted. The rest of the bill language continued on subsequent pages. The text of the bill could contain "intent" or "statutory" language.

### **2.3 Identifying Bills that Impact BCE**

Staff gathers information from various places in order to identify bills that may impact BCE. First, staff searches a variety of sources such as the internet and legislative databases using keywords related to chiropractic and the healing arts professions. Next, staff periodically meet with and discuss current and possible legislation with staff from the Chiropractic Associations.

Further, staff communicates with DCA about pending and possible legislation. Throughout the legislative session, the Department provides Board's with updated lists of bills they are tracking. The Department also provides monthly legislative alters to the Boards and hosts legislative roundtables with the Board and Bureaus to provide an open forum to discuss legislation, including fiscal, legal, and information technology impacts bills may have on the various programs.

Finally, staff monitors other resources such as local and statewide newspapers and other multi-media publications for information regarding current, pending, or future legislation.

#### **Examples of Keywords to search**

- Adjustment(s)
- Chiropractic
- Chiropractor
- Healing arts
- Manipulation
- Medical
- Physical therapy
- Physical therapist
- Physiotherapy
- Physiotherapist
- Subluxation(s)

### **Section 3: Legislative Bill Analyses Process:**

This section includes a brief description of the various sections of a bill analysis, descriptions of the different positions Board members may take on legislation and other considerations for inclusion in the bill analysis. (An analysis checklist and sample bill analysis has been included for review)

BCE staff produce bill analyses in order to evaluate the impact proposed legislation might have on the chiropractic profession, the public, and Board operations and staff. The analyses are necessary to identify the necessity of the bill or why the change in law is useful, to assess the fiscal impact a bill could have on the Board, and may provide suggestions to improve current or pending legislation. Additionally, a bill analysis may contain key components which assist the Board members in deciding the appropriate action to take on a bill.

#### **3.1: Components of a Bill Analysis:**

The key components of a bill analysis are as follows:

- **Bill Number**
- **Author**
- **Bill Version (Date)**
- **Subject – Title of Bill**
- **Sponsor**
- **Status of Bill** – Did the bill pass from one committee to another? The date and results of the most recent vote and by whom and where the bill was referred following the vote is included.
- **Summary** – Brief summary of the purpose of bill.
- **Existing Law** – Specific provisions affected by the bill and their current purpose
- **This Bill Would:** – Summary of how the bill changes current law, the bill's intent and major provisions. (Does the bill impose reporting requirements, change existing programs, implement a new program, or require coordinated implementation with multiple agencies?)
- **Background** – Brief description of the need for the bill and how it proposes to address the issue(s).
- **Fiscal Impact** – Specifies the bill's operational and fiscal impact on the BCE (and other stakeholders). Defines whether the bill will increase revenue, change/impose fines or penalties, repeal/reduce/add fees, and identifies resources needed by affected parties and the BCE to implement and comply with the provisions in the bill.
- **Support/Opposition** – List of parties/interested persons/organizations who have taken a formal position on the bill.
- **Arguments (Pro/Con)** – This portion should contain arguments raised by both support and opposition the bill, as well as arguments made by the Board.
- **Staff Recommended Position** – The recommendation will be based on all the arguments discussed with the Executive Officer prior to distribution to the Board members for a vote.

#### **3.2: Purpose of an Analysis**

- A bill analysis should provide Board members with a deeper understanding of the bill and the author's intent.
- Reading through a bill analysis should allow Board members to determine the following:
  - The bill's intent
  - How the bill changes existing law
  - Estimated fiscal impact
  - Recommendations

# Board of Chiropractic Examiners Sample Bill Analysis

**Bill Number:** SB 541  
**Author:** Senator Curren Price  
**Bill Version:** Amended April 13, 2011  
**Subject:** Contractors' State License Regulatory boards: expert consultants  
**Sponsor:** Contractors State License Board  
Medical Board of California

**STATUS OF BILL:** Passed Senate Committee on B. P. & E.D (8-0), referred to Committee on Appropriations.

## **SUMMARY:**

This bill would allow boards and bureaus within the Department of Consumer Affairs, the State Board of Chiropractic Examiners and the Osteopathic Medical Board of California to utilize expert reviewers, without going through a formal contracting process.

## **EXISTING LAW:**

- Provides for the licensure and regulation of various professions and businesses within the Department of Consumer Affairs
- The Chiropractic Initiative Act of California provides for the licensure and regulation of the chiropractors.
- The Osteopathic Act provides for the licensure and regulation of osteopathic physicians and surgeons.
- Requires persons who apply for licensure under the various licensing acts to pass an examination approved by the board/bureau and investigate complaints and violations of the law, as well as take disciplinary action against licensees for violations of the law.
- Establishes standards relating to personal service contracts in state employment.

## **THIS BILL WOULD:**

- Authorize these boards and bureaus to enter into an agreement with an expert consultant, subject to the standards regarding personal service contracts, to provide enforcement and examination assistance.
- Require each board/bureau to establish policies and procedures for the selection of these consultants.
- Declare that it is an urgency statute and is to take effect immediately.

## **BACKGROUND:**

According to the sponsors, Public Contract Code requires state agencies to go through the formal contracting process for utilization of consultants. The boards and bureaus named in this bill utilize consultants for critical components of their regulatory authority including enforcement and examinations. Going through the formal contracting process would create a backlog for the boards and bureaus which would significantly impact the time required to complete the initial review and investigate complaints filed with boards/bureaus. This process would severely limit a board's/bureau's ability to take disciplinary actions against licensees and the delay imposed by this process could also result in losing cases due to expiration of the statute of limitations.

**FISCAL IMPACT:**

This bill will have a positive fiscal impact upon our Board, if any. The number of cases referred to experts and the amount paid to experts would not change as a result of this bill. However, if this bill does not take effect, the board will have to start entering into formal contracts with the 35 consultants it utilizes. Some of these consultants are only utilized on rare occasion due to their geographical location and/or area of expertise. Nonetheless, the board would have to spend significant time and resources preparing and executing a formal contract. If this bill is not enacted, the board will likely need additional funding and staff to absorb the increased workload.

**SUPPORT & OPPOSITION:**

**Support:**

- Contractors State License Board
- Medical Board of California
- Court Reporters Board of California

**Opposition:**

None on record

**ARGUMENTS:**

**Pro:**

The proponents argue that:

- This bill will enable licensing and regulatory boards/bureaus to continue enlisting the expertise of their licensees to assist with evaluation of investigation documents, applications, educational and examination materials on an as-needed basis, primarily based on an hourly fee for services rendered.
- This bill will exempt specific boards and bureaus from formal contract requirements, which are laborious, cumbersome and time-consuming to execute.
- This bill will protect consumers by reducing the delays in enforcement cases by allowing these boards/bureaus to enter into an agreement directly with the consultant.
- Consultants are utilized for various purposes which depend greatly upon their area of expertise and the types of enforcement cases; therefore, it is difficult for a board/bureau to estimate a dollar amount for execution of a contract for each consultant.
- It is difficult to anticipate the extent to which the board will utilize an individual expert, and, therefore, the contract amount for each expert may not meet the board's needs. Under current law, the board will need to enter into a contract for a specified dollar amount with each expert without yet knowing the frequency with which we'll need the expert or the difficulty of the cases that will be referred to the expert. If the board underestimates the contract amount, we will have to cease utilizing an individual expert or go through the time-consuming process of amending the contract. If the board overestimates the contract, we will be encumbering funds that are needed for other essential board functions.

## **Section 4 – Possible Board Action on Bills:**

This section includes a description of the positions Board members can take on legislation and other actions the Board may take in regard to legislation.

As part of the normal legislative cycle, the Board members take positions on specific bills that address issues within the BCE's purview or that would have a fiscal or programmatic impact on the BCE. Legislation affecting the chiropractic scope, consumer safety or BCE funding, resources and workload are of particular interest to the BCE. For time sensitive legislation, the Government Affairs Committee reserves the right to call an emergency meeting if action is required.

In order to ensure the positions and concerns of the Board are heard throughout the legislative session, the Board has a letter writing process to inform the Legislature and Governor's Office of positions the Board has taken.

### **4.1 Board Motions:**

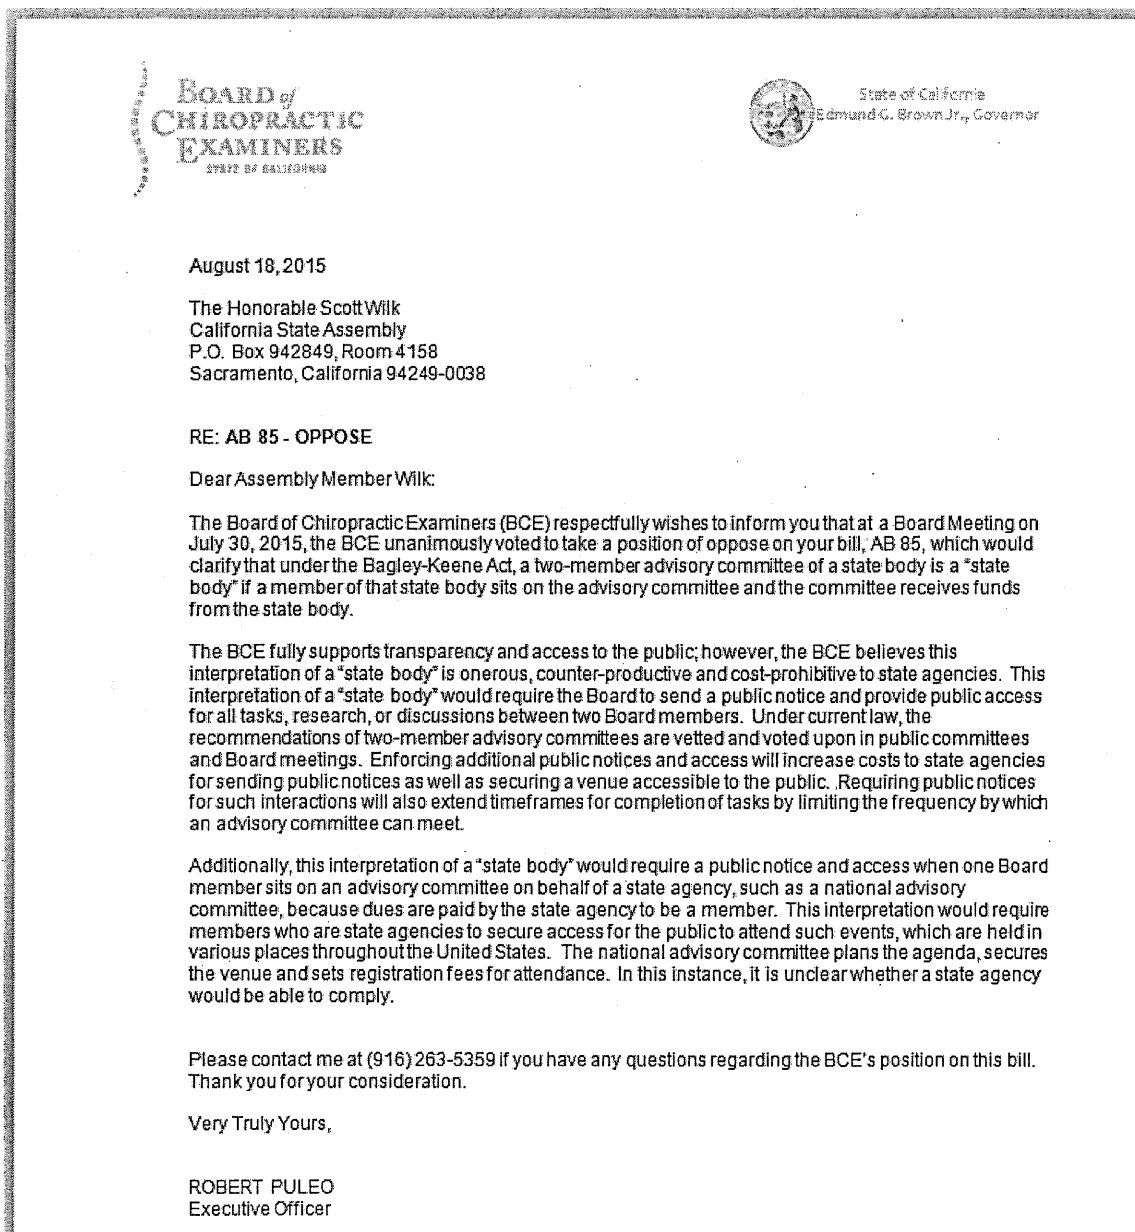

In order to make an informed decision on a legislative bill, staff should provide the Board with multiple pieces of information. An analysis, bill impact assessment checklist and complete text of a bill should be presented to the Board for consideration at a Government Affairs Committee meeting. The Committee will present their recommendations for a vote at a Board meeting to take one of the following positions:

- **Support** – This bill has favorable fiscal or operation impact upon the BCE and is consistent with the Board's laws, regulations or policies.
- **Support if Amended** – This bill is generally beneficial, but would be improved if amended. The bill analysis and letter to author should include recommended amendments.
- **Oppose** – The bill mandates unjustified costs, interferes with efficient administration or operation of the BCE, or is in conflict with the policies, laws or regulations of the BCE.
- **Oppose Unless Amended** – This bill is undesirable as written, but can be made palatable by amendment. The bill analysis and letter to author should included recommended amendments.
- **Neutral** – The bill has no significant effect on the BCE; however this bill may be of interest to the board members. A letter to the author is not needed in this case.
- **Watch** – The bill has no significant effect on the BCE; however, there may be components which are likely to change and may impact the BCE in the future. This is not a formal position; therefore, a letter to the author is not needed at this time.

## 4.2 Board Position Letters:

Once the full board has taken a formal position on a legislative bill, the Executive Officer or staff should draft a letter to the author of the bill for the Executive Officer or Board Chair's signature. The letter should identify the version of the bill and explain the BCE's position, including a summary of the reasons which led to the position and specific changes if amendments are recommended. A letter should also be sent to the Chair and Members of each legislative committee in which the bill will be subsequently heard.

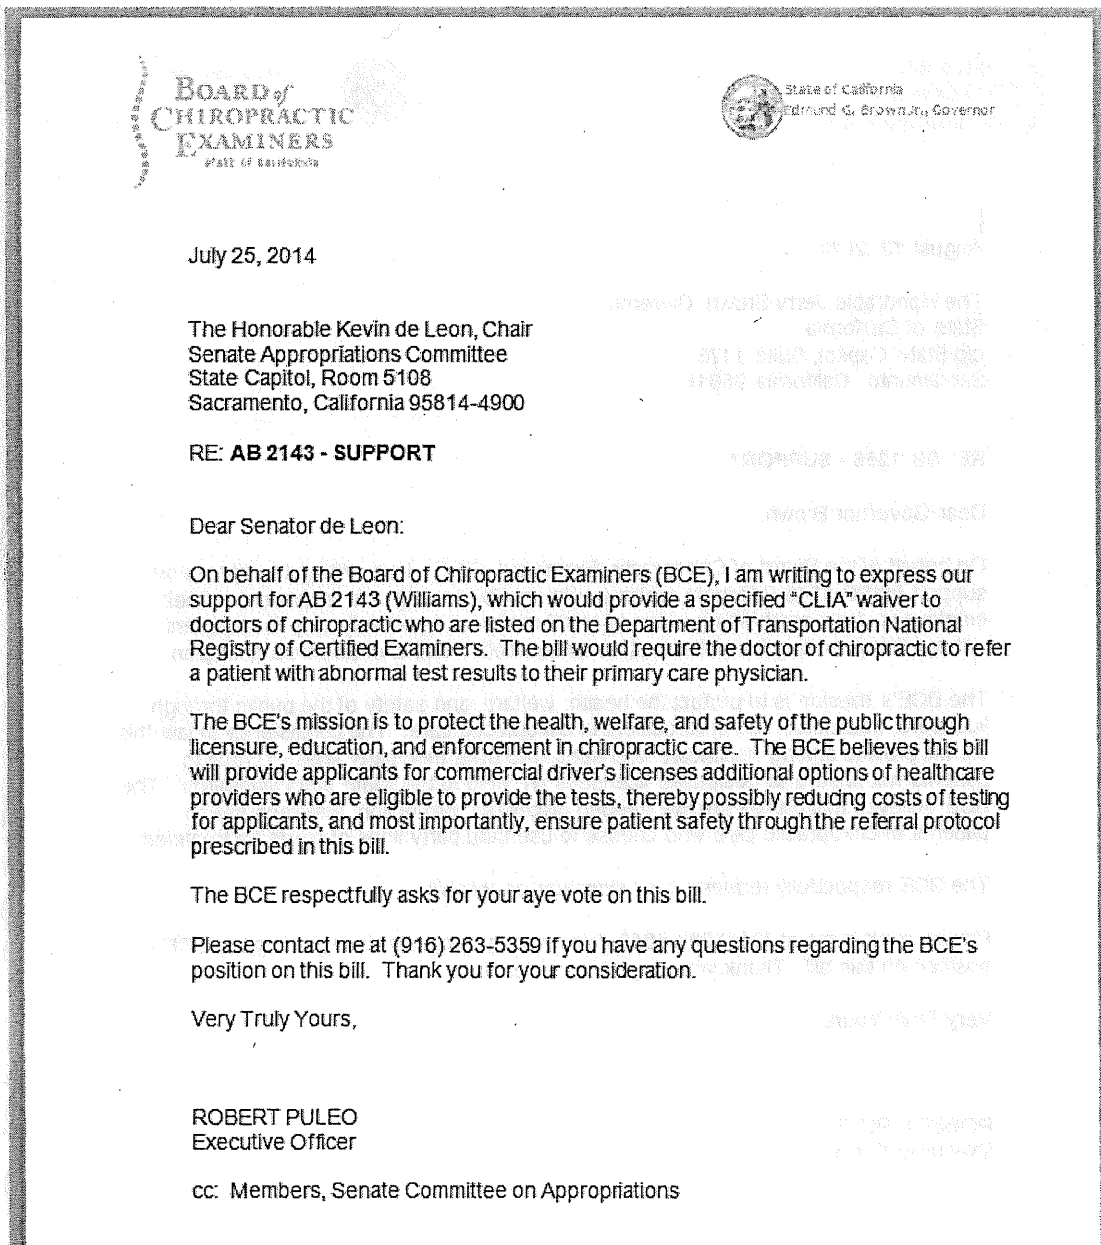

Example provided below:

### 4.3 Letters to the Floor

Once a bill of interest has passed out of committee and has been placed one or both legislative floor calendars, the Executive Officer or staff should draft a letter to each member of the legislature for the Executive Officer or Board Chair's signature. Once on the floor, a bill can be passed, defeated, or amended. Timing is critical and any communications should arrive as close to the time of voting as possible. The letter should identify the version of the bill and explain the BCE's position, including a summary of the reasons which led to the position and specific changes if amendments are recommended.

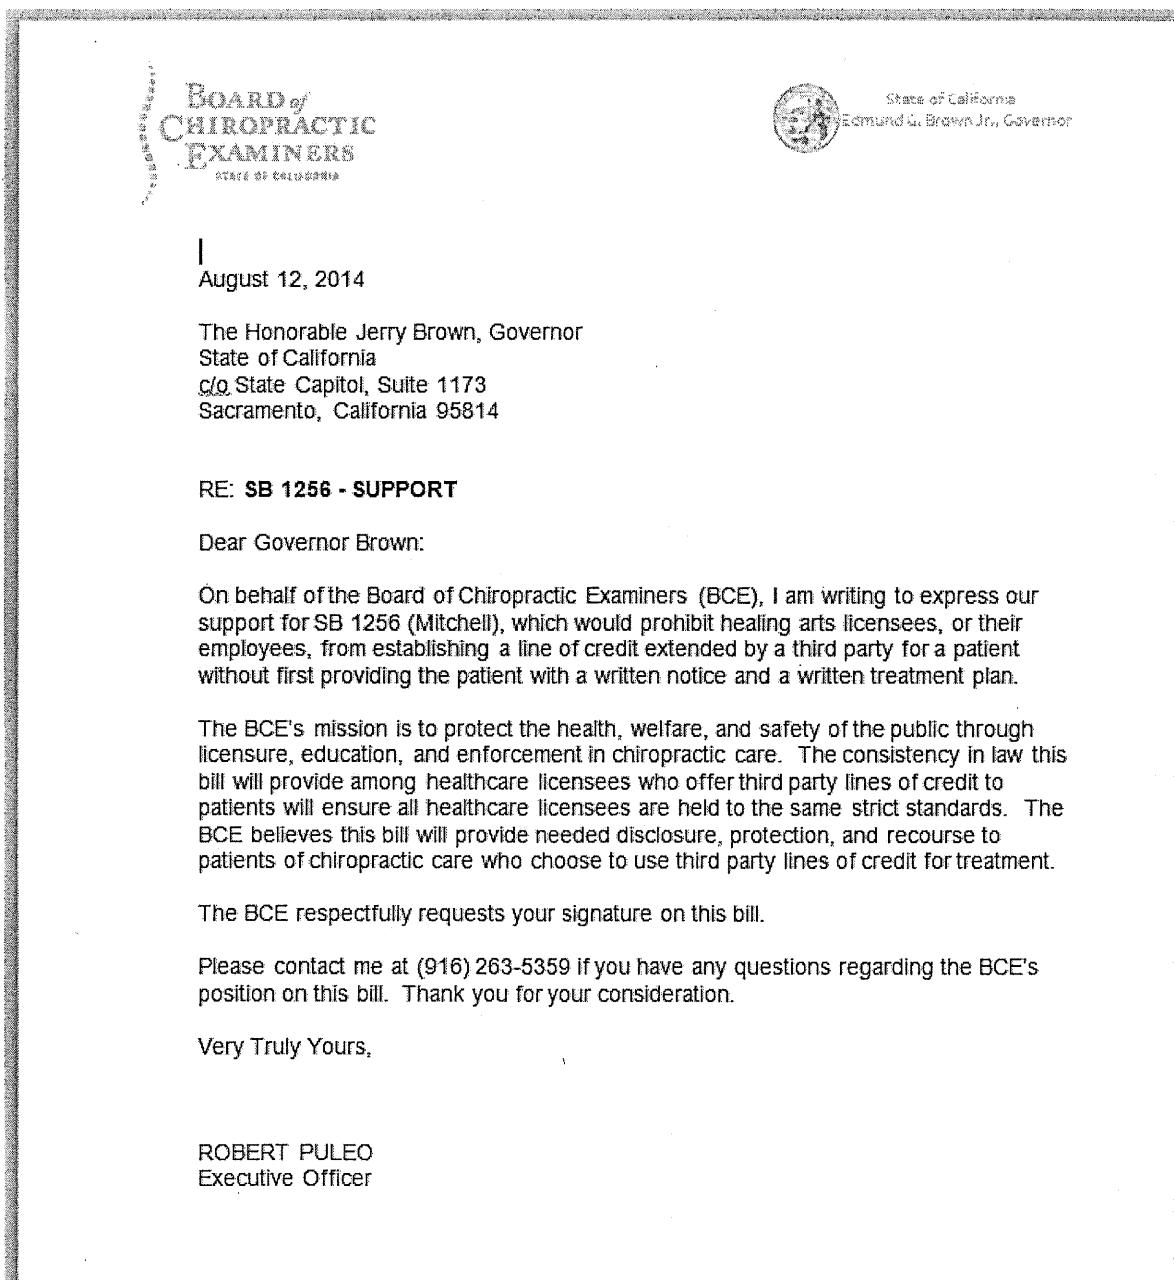

Example provided below:

#### 4.4 Sign/Veto letter to the Governor

Once an enrolled bill is sent from the Legislature to the Governor for review, the Executive Officer or staff should draft a letter to the Governor for the Executive Officer or Board Chair's signature. The letter should include a recommendation to sign or veto the bill. Finally, the letter should explain the BCE's position on the bill and include a summary of the reasons which led to the position.

  - The Division provides a number of direct legislative and regulatory services to the Boards and Bureaus of the Department. Each board has an analyst assigned to them in the Division who can be contacted for assistance.
- DCA: Budget Office
  - The Budget Office frequently contacts the BCE to obtain information on the fiscal impact of bills upon the BCE. Oftentimes, these bills affect multiple regulatory boards such as those related to health care, healing arts, etc. It is important to note whether these bills pertain to the BCE and whether the bill conflicts with the BCE's Initiative Act. (i.e. legislation requires a temporary or special license)
