CALIFORNIA BOARD OF CHIROPRACTIC EXAMINERS BIENNIAL NEWSLETTER

LETTER FROM THE EXECUTIVE OFFICER

Robert Puleo

Dear licensees:

The Board of Chiropractic Examiners (Board) strives to be contemporary with the technology needs of our licensees. With the help of the Department of Consumer Affairs' Office of Information Services, we have been researching and working towards procuring state-of-the-art technology to automate many of our business processes, such as online applications, renewals, and payments.

Board members and staff eagerly anticipate these technological advancements, which will provide greater efficiency and productivity, thereby reducing the time it takes licensees to renew their licenses, submit documentation, and make payments.

The Board anticipates online renewal and payment capability will be effective by fall of 2019, with ongoing enhancements incorporated over the next two years.

If you'd like to know more about Board activities, receive important updates, and ask questions, please visit the Board's website at www.chiro.ca.gov, subscribe to our **email list**, drop us a line at chiro.info@dca.ca.gov, or attend a **Board Meeting**. I encourage you to take advantage of these opportunities to communicate with the board. We welcome your participation and feedback.

Please help us reach all licensees and interested parties by forwarding this publication to your friends, colleagues, and students, or sharing on social media.

WHAT TO EXPECT FROM A CONTINUING EDUCATION AUDIT

The Board of Chiropractic Examiners (Board) conducts random continuing education (CE) audits to ensure compliance of renewing licensees. If you renewed your license in active status, you also certified you completed the CE requirements. This makes you eligible for an audit. Here is what to expect:

How will I know if I've been selected for an audit?

The Board will send a letter to your address of record informing you that you have been selected for an audit. The letter will include instructions on what action is required from you and what CE certificate documents are being requested. Make sure your address of record is current!

If I am selected for an audit, what do I need to submit to the Board and when?

You will need to submit copies of all documents verifying completion of the CE requirements. The Board will provide a deadline for submitting documents; generally allow two to three weeks to comply with an audit. Only submit CE documents if you have been selected for audit; do not submit them with your renewal.

How should I submit my documents?

Submit the audit request letter, along with copies of CE certificates or activities to the Board via fax at (916) 327-0039 or mail to 901 P St., Suite 142A Sacramento, CA, 95814.

What if I don't have all my documents?

The Board cannot count unverified courses or activities toward meeting the CE requirements. You must provide documentation to verify completion of hours for a successful audit. If you need copies of your CE documents, contact the CE course provider. Licensees and CE providers are required to maintain CE records for four years.

What if I did not complete all or part of my CE requirement?

If your audit is found deficient, it will be submitted to an enforcement analyst for further review. Any deficient audits will be subject to administrative action.

What if I need an extension to gather all my CE documents?

Please contact the Board at (916) 263-5355. An extension may be granted for gathering CE documents, but NOT for completing CE requirements.

What happens after I submit my documents?

A Board staff member will evaluate the materials you submitted and determine whether you met the CE requirements or not. A deficient audit will be sent to the Enforcement unit for further review. Instructions or actions taken by the Enforcement unit will be communicated to licensees via mail.

Reminder! Total hours required for each licensure period:

24 total hours:

- Ethics and Law—**two hours**.
- **Four hours** must be completed in any one of, or combination of, the following subject categories: history taking and physical examination procedures, OR chiropractic adjustive techniques, OR chiropractic manipulation techniques, OR ethical billing and coding.
- **18 hours** may be taken in any of the categories listed in California Code of Regulations section 361, including the mandatory categories above.
- **A maximum of 12 CE** hours may be completed through distance learning.

UPDATE: 2019 Regulations

Regulations

The Board of Chiropractic Examiners (Board) has completed or is actively working on the following regulatory proposals:

Application for Licensure and Continuing Education Requirements

This regulation expedites the licensure process for veterans, active military service members, and their families. In addition, this regulation amended the continuing education (CE) regulations to waive renewal fees, CE requirements, and other requirements for active duty members of the U.S. military. This regulation also allows the Board to award up to 16 hours of CE credit to licensees who participate in the review and revision of the California Law and Professional Practices Examination.

Effective Oct. 1, 2018.

Consumer Protection Enforcement Initiative

This regulation would add or amend 12 sections within the California Code of Regulations and establish stricter reporting and disclosure requirements by licensees and applicants. This regulation would also increase the Board's enforcement authority and access to critical information for use in investigations.

The initial review of this regulatory package has been completed by the Department of Consumer Affairs (DCA). The Board is currently working on revisions proposed by DCA's legal counsel and anticipates sending out a public notice in spring of 2019.

Revisions to the Board's Disciplinary Guidelines and Uniform Standards for Substance Abusing Licensees

The Board's "Disciplinary Guidelines and Model Disciplinary Orders" are being revised to streamline the enforcement process and provide greater protection to consumers. Additionally, the Board has incorporated the Uniform Standards into its disciplinary guidelines to ensure they are applied when a substance abusing licensee is disciplined.

This regulatory package is currently under development and the Board anticipates its submission to DCA for review in spring of 2019.

Delegation of Authority to the Assistant Executive Officer

This proposed regulation would delegate authority to the Board's assistant executive officer to execute specific

enforcement actions and operational office functions in order to expedite the business of the Board, and to increase the health, safety, and welfare of consumers.

The initial review of this regulatory package has been completed by DCA. The Board is currently working on revisions proposed by DCA's legal counsel and anticipates sending out a public notice in spring of 2019.

Legislation Updates

Previous legislative session:

Senate Bill 1480 (Hill, Chapter 571, Statutes of 2018) Professions and Vocations

- Effective Jan. 1, 2019, SB 1480 codified the Board's new fee schedule into section 1006.5 of the Business and Professions Code, where all the Board's fees can be easily found in one place. SB 1480 aligns the Board's revenue and expenditures, thereby ensuring a healthy fund condition and long-term sustainability of the Board.

SB 1448 (Hill, Chapter 571, Statutes of 2018) Probation Status: Disclosure

- Effective July 1, 2019, SB 1448 requires licensees of the Board, who have been placed on probation on or after July 1, 2019, to disclose their probationary status to all patients. Additionally, licensees are required to obtain a signed copy of a written disclosure from each patient prior to their first visit.
- SB 1448 requires the Board to provide specified information related to licensees on probation in plain view on the licensee's profile page on the Board's website.

Assembly Bill 2138 (Chiu/Low, Chapter 995, Statutes of 2018) Denial of Application: Revocation or Suspension Licensure: Criminal Conviction

- Effective July 1, 2020, AB 2138 restricts the Board's discretion in using prior criminal history as grounds for licensing determinations and establishes new prohibitions relating to the denial, suspension, and revocation of licensure. Additionally, the bill requires the Board to develop new denial criteria and imposes new reporting requirements.

Patient Notification of Probation Status

On Sept. 19, 2018, SB 1448 (Hill—Healing Arts Licensees: Probation Status: Disclosure), known as the “Patient’s Right to Know Act of 2018,” was signed into law and will require specified health care professionals, including licensed chiropractors who have been placed on probation on or after July 1, 2019, to disclose their probationary status to all patients.

Effective **July 1, 2019**, SB 1448 requires licensees of the Board to provide the following information on a written disclosure to patients:

- The licensee’s probation status.
- The length of the probation, including the probation end date.
- The term(s) and condition(s) of probation, including all practice restrictions placed on the licensee by the Board.
- The Board’s telephone number and a brief explanation of how the patient can find further information about probationary conditions or causes for probation on the Board’s website on the licensing details page.

Furthermore, SB 1448 requires licensees to obtain a signed copy of a written disclosure from each patient prior to their first visit.

To assist licensees in complying with the provisions of SB 1448, the Board will develop a patient notification form. However, licensees are not required to use the Board’s form and may develop their own disclosure form when this law takes effect.
