## Board of Chiropractic Examiners Bill Analysis

**Bill Number:** AB 85  
**Author:** Assembly Member Wilk  
**Bill Version:** Amended April 15, 2015  
**Subject:** Open Meetings  
**Sponsor:** Author

**STATUS OF BILL:** 07/14/15 Passed Comm. on Governmental Organization (13-0); Re-referred to Appropriations; hearing set 8/17/15.

### **SUMMARY:**

This bill contains an urgency measure that would clarify that under the Bagley-Keene Act, a two-member advisory committee of a state body is a "state body" if a member of that state body sits on the advisory committee and the committee receives funds from the state body.

### **EXISTING LAW:**

- The Ralph M. Brown Act governs the procedures for public meetings held by local governments.
- The Bagley-Keene Open Meeting Act governs the procedures for public meetings held by state agencies.

### **THIS BILL WOULD:**

- Clarify that all "standing committees" including advisory committees, are subject to the transparency requirements of the Open Meeting Act, regardless of size or membership.
- Prevent state agencies from appointing two Board members, or a Board member and a staff person from discussing any topic relating to Board business without complying with the Open Meeting requirements (send out a public notice, secure a location accessible to the public, post the notice on the Board's website).
- Require state agencies to comply with the public meeting requirements if a member of a multi-member advisory committee is acting as a representative of that state body and the committee is funded in whole, or in part, by the state body.

### **BACKGROUND:**

The author argues that an ambiguity exists between the Bagley Keene Act and the Brown Act with regard to standing committees consisting of fewer than 3 members who do not vote to take action on items. State agencies are conducting business contrary to the Legislature's intent. This bill would clarify the Legislative intent that a two-member committee is a "state body" and that advisory committees acting in the capacity of a

state body are funded in whole, or in part, by the state body, they are also subject to the full provisions of the Bagley-Keene Act.

**FISCAL IMPACT:**

This bill would impose a significant fiscal impact upon the Board. The BCE currently holds approximately 20 meetings per year which are publicly noticed pursuant to the Bagley-Keene Open Meeting Act. These meetings include Board meetings and Standing Committee meetings. If any policy communication, directed by the Board, between two board members or a board member and staff were required to be publicly noticed, our annual meetings would be at least doubled.

On average, a stated Committee meeting costs the board between \$150 and \$1000 per board member, depending on the distance traveled and whether overnight accommodations are required. The average cost of staff attendance for a meeting, excluding their salary, ranges from \$30 to \$875. These costs include: flight, per diem (board members), meals, transportation (taxi or personal vehicle) and lodging. The BCE holds committee meetings at locations for which there are no rental costs. Committee meetings usually have at least one Board member who travels and two to three staff in attendance for an overall average cost of \$240 to \$2750 per meeting, excluding staff time to prepare for the meeting (secure meeting location, create, mail and post public agenda, and compile meeting documents).

In addition, the BCE does not have adequate staff to absorb the extra workload associated with preparing for at least double the amount of publicly noticed meetings (securing meeting location, posting and mailing notice, preparing meeting documents). The BCE estimates that if the public meetings were to double, an additional half-time Office Technician would be needed to cover the extra workload at a cost of \$44k for the first year (salary, equipment, benefits) and \$33k, thereafter.

Based on the assumption that the meetings would double to 40, the average fiscal impact to the Board would range from an average of \$48,800 to \$99,000 for the first year and an average of \$37,800 to \$88,000 per year thereafter. These averages could increase if additional meetings were necessary and depending on the number of staff or board members required to travel rather than teleconference.

**SUPPORT & OPPOSITION:**

Support:

California Association of Licensed Investigators

Opposition:

Board of Behavioral Sciences

Board of Professional Engineers, Land Surveyors, and Geologists

California Board of Accountancy

California Acupuncture Board

California Board of Psychology  
California Board of Vocational Nursing and Psychiatric Technicians  
California State Board of Pharmacy  
Dental Board of California  
Dental Hygiene Committee of California  
Physician Assistant Board of the Medical Board of California

### **ARGUMENTS:**

#### **Pro:**

- The California Association of Licensed Investigators argues that this bill would provide enhanced transparency in the proceedings of the government by ensuring the public is provided with the critical opportunity to become aware of proposals, and to provide meaningful comment.

#### **Con:**

- The California Board of Accountancy (CBA) asserts that this bill would prevent the CBA, and all of its committees, from asking fewer than 3 members review a document, draft a letter, provide expert analysis, or work on legal language without giving public notice. Under current law, advisory activities of two-member bodies are already vetted and voted upon in a public noticed meeting of the whole committee or board. This bill will greatly increase costs to the board.
- This bill will significantly reduce the effectiveness and prolong the process by which state agencies conduct business. The Bagley-Keene Act requires state agencies to public notice a meeting 10-days prior to the meeting date. If an advisory committee is appointed at a public board meeting to research a topic, they will be limited on the number of times and frequency by which they can meet to accomplish their goal due to the notice requirement. The cost of holding public meetings may also be prohibitive for smaller state agencies.
- Some state professional boards contend this bill would essentially prevent them from asking fewer than three members to review a document, draft a letter, provide expert analysis, or work on legal language without giving public notice. Opening such advisory activities to the public could greatly increase costs for staff to attend meetings and record minutes as well as contract for public meeting space. Under current law, the advisory activities of two-member bodies are already vetted and voted upon in publicly noticed meetings of the whole committee or board.

### **COMMITTEE RECOMMENDED POSITION:**

**OPPOSE** – The Board fully supports transparency and access to the public; however, this interpretation of a “state body” is onerous, counter-productive and cost-prohibitive to the Board.

AMENDED IN ASSEMBLY APRIL 15, 2015

CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

**ASSEMBLY BILL**

**No. 85**

---

**Introduced by Assembly Member Wilk**

January 6, 2015

---

An act to amend Section 11121 of the Government Code, relating to state government, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

AB 85, as amended, Wilk. Open meetings.

The Bagley-Keene Open Meeting Act requires that all meetings of a state body, as defined, be open and public and that all persons be permitted to attend and participate in a meeting of a state body, subject to certain conditions and exceptions.

This bill would specify that the definition of "state body" includes an advisory board, advisory commission, advisory committee, advisory subcommittee, or similar multimember advisory body of a state body that consists of 3 or more individuals, as prescribed, except a board, commission, committee, or similar multimember body on which a member of a body serves in his or her official capacity as a representative of that state body and that is supported, in whole or in part, by funds provided by the state body, whether the multimember body is organized and operated by the state body or by a private corporation.

~~This bill would make legislative findings and declarations, including, but not limited to, a statement of the Legislature's intent that this bill is declaratory of existing law.~~

This bill would declare that it is to take effect immediately as an urgency statute.

## Bill Analysis

**Bill Number:** AB 12  
**Author:** Assembly Member Cooley  
**Bill Version:** Amended April 22, 2015  
**Subject:** State Government: administrative regulations: review  
**Sponsor:**

**STATUS OF BILL:** 07/14/15 Passed Comm. on Gov. Organization (13-0); Re-referred to Appropriations; hearing set for 08/17/15.

### **SUMMARY:**

This bill would require review all regulations, identify regulations that are overlapping, duplicative, inconsistent, or out of date, revise the regulations and provide a report to the Legislature and Governor.

### **EXISTING LAW:**

- The Administrative Procedure Act governs the procedure for the adoption, amendment, or repeal of regulations by state agencies and for the review of regulatory actions by the Office of Administrative Law (OAL).
- The Chiropractic Initiative Act provides the Board with the power to adopt rules and regulations necessary for the performance of its work, the enforcement and administration of this act, the establishment of educational requirements for license renewal, and the protection of the public.

### **THIS BILL WOULD:**

- Define "state agency" and "regulation" for clarification.
- Require each state agency to review all provisions of the Cal. Code of Regulations (CCR) which were adopted by the agency.
- Require each state agency to identify regulations that are duplicative, overlapping, inconsistent or out of date.
- Require each state agency to adopt, amend or repeal regulations to reconcile or eliminate duplication, overlap, inconsistencies, or out of date regulations through the formal rulemaking process, unless the adoption, amendment or repeal is without regulatory effect and may be done pursuant to section 100 of the CCR.
- Require state agencies to hold at least one noticed public hearing, and post the notice on the agency's website, for purposes of inviting public participation and comment.
- Require state agencies to notify the policy and fiscal committees of each house of Legislature of the regulation revisions that the agency proposes to make at least 30 days prior to initiating the proposed rulemaking process.
- Require state agencies to report to the Governor and Legislature on compliance with this chapter.

- On or before January 1, 2018, require each agency to notify the head of the agency of existing regulations adopted that has been determined to be duplicative, overlapping, inconsistent with another department, board, or other unit within that agency.
- Establish that these provisions would be repealed on January 1, 2019, unless later enacted statute extends the date.

**BACKGROUND:**

**FISCAL IMPACT:**

This bill would impose minor fiscal impact upon the Board. The Board is currently in the process of reviewing the licensing, curriculum and continuing education regulations to propose changes which are current and relevant to the practice of chiropractic today. These regulations comprise the majority of the Board's regulations; therefore, the majority of the work proposed in this bill is already underway.

Opposition: None on record

**ARGUMENTS:**

**Pro:**

- The Administrative Procedure Act does not require agencies to individually review their regulations to identify overlapping, inconsistent, duplicative, or out of date regulations that may exist. This type of review would ensure state agencies are efficiently implementing and enforcing regulations and reduce the number of unnecessary and outdated regulations.
- Proponents state that “AB 12 simply directs agencies to look at their regulations and ask the basic questions of necessity, contradiction and complication. We believe that the answers to these regulations will provide greater balance to the laws and regulations and open the door for modernization as the California economy changes with the advent of new industries and technologies.” Proponents also contend that reducing regulatory overlaps, contradictions, and complications would diminish the cost of compliance for California businesses without lowering environmental, health, and safety standards.

**Con:**

- These provisions may be burdensome to the resources and finances of small agencies due to limited budget and staff.

**COMMITTEE RECOMMENDED POSITION:**

**NEUTRAL**– This bill would create a minor but absorbable fiscal and workload impact to the BCE as most of this work is already in process.

AMENDED IN ASSEMBLY APRIL 22, 2015

CALIFORNIA LEGISLATURE—2015–16 REGULAR SESSION

**ASSEMBLY BILL**

**No. 12**

---

**Introduced by Assembly Member Cooley**  
*(Coauthors: Assembly Members Chang, Daly, and Wilk)*

December 1, 2014

---

An act to amend Section 11349.1.5 of, and to add and repeal Chapter 3.6 (commencing with Section 11366) of Part 1 of Division 3 of Title 2 of, of the Government Code, relating to state agency regulations.

LEGISLATIVE COUNSEL'S DIGEST

AB 12, as amended, Cooley. State government: administrative regulations: review.

~~(1) Existing~~

*Existing* law authorizes various state entities to adopt, amend, or repeal regulations for various specified purposes. The Administrative Procedure Act requires the Office of Administrative Law and a state agency proposing to adopt, amend, or repeal a regulation to review the proposed changes for, among other things, consistency with existing state regulations.

This bill would, until January 1, 2019, require each state agency to, on or before January 1, 2018, ~~and after a noticed public hearing, review and revise that agency's regulations to eliminate any inconsistencies, overlaps, or outdated provisions in the regulations, adopt the revisions as emergency regulations, review that agency's regulations, identify any regulations that are duplicative, overlapping, inconsistent, or out of date, to revise those identified regulations, as provided, and report to the Legislature and Governor, as specified. The bill would further~~

require each agency to, on or before January 1, 2017, compile an overview of the statutory law that agency administers.

(2) The act requires a state agency proposing to adopt, amend, or repeal a major regulation, as defined, to prepare a standardized regulatory impact analysis of the proposed change. The act requires the office and the Department of Finance to, from time to time, review the analyses for compliance with specific department regulations. The act further requires the office to, on or before November 1, 2015, submit a report on the analyses to the Senate and Assembly Committees on Governmental Organization, as specified.

This bill would instead require the office and department to annually review the analyses. The bill would also require the office to annually submit a report on the analyses to the Senate Committee on Governmental Organization and the Assembly Committee on Accountability and Administrative Review.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 11349.1.5 of the Government Code is  
2 amended to read:

3 11349.1.5. (a) The Department of Finance and the office shall  
4 annually review the standardized regulatory impact analyses  
5 required by subdivision (e) of Section 11346.3 and submitted to  
6 the office pursuant to Section 11347.3, for adherence to the  
7 regulations adopted by the department pursuant to Section  
8 11346.36.

9 (b) (1) On or before November 1, 2015, and annually thereafter,  
10 the office shall submit to the Senate Committee on Governmental  
11 Organization and the Assembly Committee on Accountability and  
12 Administrative Review a report describing the extent to which  
13 submitted standardized regulatory impact analyses for proposed  
14 major regulations for the fiscal year ending in June 30, of that year  
15 adhere to the regulations adopted pursuant to Section 11346.36.  
16 The report shall include a discussion of agency adherence to the  
17 regulations as well as a comparison between various state agencies  
18 on the question of adherence. The report shall also include any  
19 recommendations from the office for actions the Legislature might  
20 consider for improving state agency performance and compliance

1 in the creation of the standardized regulatory impact analyses as  
2 described in Section 11346.3.

3 ~~(2) The report shall be submitted in compliance with Section~~  
4 ~~9795 of the Government Code.~~

5 ~~(c) In addition to the annual report required by subdivision (b),~~  
6 ~~the office shall notify the Legislature of noncompliance by a state~~  
7 ~~agency with the regulations adopted pursuant to Section 11346.36,~~  
8 ~~in any manner or form determined by the office and shall post the~~  
9 ~~report and notice of noncompliance on the office's Internet Web~~  
10 ~~site.~~

11 ~~SEC. 2.~~

12 *SECTION 1.* Chapter 3.6 (commencing with Section 11366)  
13 is added to Part 1 of Division 3 of Title 2 of the Government Code,  
14 to read:

15  
16 CHAPTER 3.6. REGULATORY REFORM

17  
18 Article 1. Findings and Declarations

19  
20 11366. The Legislature finds and declares all of the following:

21 (a) The Administrative Procedure Act (Chapter 3.5 (commencing  
22 with Section 11340), Chapter 4 (commencing with Section 11370),  
23 Chapter 4.5 (commencing with Section 11400), and Chapter 5  
24 (commencing with Section 11500)) requires agencies and the  
25 Office of Administrative Law to review regulations to ensure their  
26 consistency with law and to consider impacts on the state's  
27 economy and businesses, including small businesses.

28 (b) However, the act does not require agencies to individually  
29 review their regulations to identify overlapping, inconsistent,  
30 duplicative, or out-of-date regulations that may exist.

31 (c) At a time when the state's economy is slowly recovering,  
32 unemployment and underemployment continue to affect all  
33 Californians, especially older workers and younger workers who  
34 received college degrees in the last seven years but are still awaiting  
35 their first great job, and with state government improving but in  
36 need of continued fiscal discipline, it is important that state  
37 agencies systematically undertake to identify, publicly review, and  
38 eliminate overlapping, inconsistent, duplicative, or out-of-date  
39 regulations, both to ensure they more efficiently implement and

1 enforce laws and to reduce unnecessary and outdated rules and  
2 regulations.

3 ~~(d) The purpose of this chapter is to require each agency to~~  
4 ~~compile an overview of the statutory law that agency oversees or~~  
5 ~~administers in its regulatory activity that includes a synopsis of~~  
6 ~~key programs, when each key program was authorized or instituted,~~  
7 ~~and any emerging challenges the agency is encountering with~~  
8 ~~respect to those programs.~~

9

## 10 Article 2. Definitions

11

12 11366.1. For the ~~purpose~~ *purposes* of this chapter, the following  
13 definitions shall apply:

14 (a) "State agency" means a state agency, as defined in Section  
15 11000, except those state agencies or activities described in Section  
16 11340.9.

17 (b) "Regulation" has the same meaning as provided in Section  
18 11342.600.

19

## 20 Article 3. State Agency Duties

21

22 11366.2. On or before January 1, 2018, each state agency shall  
23 do all of the following:

25 applicable to, or adopted by, that state agency.

26 (b) Identify any regulations that are duplicative, overlapping,  
27 inconsistent, or out of date.

28 (c) Adopt, amend, or repeal regulations to reconcile or eliminate  
29 any duplication, overlap, inconsistencies, or out-of-date ~~provisions.~~  
30 *provisions, and shall comply with the process specified in Article*  
31 *5 (commencing with Section 11346) of Chapter 3.5, unless the*  
32 *addition, revision, or deletion is without regulatory effect and may*  
33 *be done pursuant to Section 100 of Title 1 of the California Code*  
34 *of Regulations.*

35 (d) Hold at least one noticed public hearing, that shall be noticed  
36 on the Internet Web site of the state agency, for the purposes of  
37 accepting public comment on proposed revisions to its regulations.

38 (e) Notify the appropriate policy and fiscal committees of each  
39 house of the Legislature of the revisions to regulations that the  
40 state agency proposes to make at least ~~90 days prior to a noticed~~

1 public hearing pursuant to subdivision (d) and at least 90 days  
2 prior to the proposed adoption, amendment, or repeal of the  
3 regulations pursuant to subdivision (f), for the purpose of allowing  
4 those committees to review, and hold hearings on, the proposed  
5 revisions to the regulations.

6 ~~(f) Adopt as emergency regulations, consistent with Section~~  
7 ~~11346.1, those changes, as provided for in subdivision (c), to a~~  
8 ~~regulation identified by the state agency as duplicative,~~  
9 ~~overlapping, inconsistent, or out of date. *least 30 days prior to*~~  
10 ~~*initiating the process under Article 5 (commencing with Section*~~  
11 ~~*11346) of Chapter 3.5 or Section 100 of Title 1 of the California*~~  
12 ~~*Code of Regulations.*~~

13 (g) (1) Report to the Governor and the Legislature on the state  
14 agency's compliance with this chapter, including the number and  
15 content of regulations the state agency identifies as duplicative,  
16 overlapping, inconsistent, or out of date, and the state agency's  
17 actions to address those regulations.

18 (2) The report shall be submitted in compliance with Section  
19 9795 of the Government Code.

20 11366.3. (a) On or before January 1, 2018, each agency listed  
21 in Section 12800 shall notify a department, board, or other unit  
22 within that agency of any existing regulations adopted by that  
23 department, board, or other unit that the agency has determined  
24 may be duplicative, overlapping, or inconsistent with a regulation  
25 adopted by another department, board, or other unit within that  
26 agency.

27 (b) A department, board, or other unit within an agency shall  
28 notify that agency of revisions to regulations that it proposes to  
29 make at least 90 days prior to a noticed public hearing pursuant to  
30 subdivision (d) of Section 11366.2 and at least 90 days prior to  
31 adoption, amendment, or repeal of the regulations pursuant to  
32 ~~subdivision (f) of subdivision (c) of Section 11366.2.~~ The agency  
33 shall review the proposed regulations and make recommendations  
34 to the department, board, or other unit within 30 days of receiving  
35 the notification regarding any duplicative, overlapping, or  
36 inconsistent regulation of another department, board, or other unit  
37 within the agency.

38 11366.4. An agency listed in Section 12800 shall notify a state  
39 agency of any existing regulations adopted by that agency that

1 may duplicate, overlap, or be inconsistent with the state agency's  
2 regulations.

3 ~~11366.43. On or before January 1, 2017, each state agency~~  
4 ~~shall compile an overview of the statutory law that state agency~~  
5 ~~oversees or administers. The overview shall include a synopsis of~~  
6 ~~the state agency's key programs, when each program was~~  
7 ~~authorized or instituted, when any statute authorizing a program~~  
8 ~~was significantly revised to alter, redirect, or extend the original~~  
9 ~~program and the reason for the revision, if known, and an~~  
10 ~~identification of any emerging challenges the state agency is~~  
11 ~~encountering with respect to the programs.~~

12 11366.45. This chapter shall not be construed to weaken or  
13 undermine in any manner any human health, public or worker  
14 rights, public welfare, environmental, or other protection  
15 established under statute. This chapter shall not be construed to  
16 affect the authority or requirement for an agency to adopt  
17 regulations as provided by statute. Rather, it is the intent of the  
18 Legislature to ensure that state agencies focus more efficiently and  
19 directly on their duties as prescribed by law so as to use scarce  
20 public dollars more efficiently to implement the law, while  
21 achieving equal or improved economic and public benefits.

22

#### 23 Article 4. Chapter Repeal

24

25 11366.5. This chapter shall remain in effect only until January  
26 1, 2019, and as of that date is repealed, unless a later enacted  
27 statute, that is enacted before January 1, 2019, deletes or extends  
28 that date.

## Board of Chiropractic Examiners Bill Analysis

**Bill Number:** AB 333  
**Author:** Assembly Member Melendez  
**Bill Version:** Amended June 24, 2015  
**Subject:** Healing art: continuing education  
**Sponsor:** Author

**STATUS OF BILL:** 07/07/15 Ordered to 3<sup>rd</sup> Reading.

### **SUMMARY:**

This bill would authorize licensed medical professionals to earn continuing education credit for becoming a certified instructor of CPR or the proper use of an automated external defibrillator (AED).

### **EXISTING LAW:**

- The Education Code authorizes public schools to receive non-state funds to acquire and maintain the AED, as well as provide training.
- The Chiropractic Initiative Act provides the Board with the power to adopt rules and regulations necessary for the performance of its work, the enforcement and administration of this act, the establishment of educational requirements for license renewal, and the protection of the public.

### **THIS BILL WOULD:**

- Authorize a person licensed pursuant to Division 2 of the Business and Professions Code, and who is required to complete continuing education (CE) as a condition for renewal, to apply one unit of CE, once per renewal cycle, towards the CE requirement for attending a course that results in the licensee becoming a certified instructor of CPR or proper use of an AED.
- Specify the instructional programs authorized for CE credit under this provision.
- Authorize a person licensed pursuant to Division 2 of the Business and Professions Code, and who is required to complete continuing education (CE) as a condition for renewal, to apply two units of CE, once per renewal cycle, towards their CE requirements for conducting CPR or AED training sessions.
- Defines "unit" as any measurement for CE, such as hours, or course credits.
- Exempt licensees whose licensing board's laws and regulations pertaining to CE exclude the courses or activities described in this provision.

### **BACKGROUND:**

AB 2217 (Melendez) Chapter 812, Statutes of 2014 authorizes public schools to solicit and receive non-state funds to acquire and maintain an automated external defibrillator, and requires such funds to only be used to acquire and maintain an AED and provide

training to school employees regarding its use. The author argues that AED's are now common in school and college facilities; therefore, it is important to ensure adequate training and resources to schools. Pro bono instructors and training resources are in short supply and private alternatives are cost prohibitive. This bill would provide an incentive for licensed medical professionals to become certified instructors in CPR and use of an AED; thereby, increasing the pool of instructors and reducing the costs of training to schools.

**FISCAL IMPACT:**

This bill would impose a minor fiscal impact to the Board as a result of amendments to existing Continuing Education regulations, process changes and staff training to implement CE credit for these courses. The Board believes that the cost and associated workload is absorbable within existing staff and budget.

**SUPPORT & OPPOSITION:**

Support:

American Red Cross

Opposition:

None

**ARGUMENTS:**

Pro:

- This bill may expand the pool of instructors of CPR and use of an AED; thereby providing schools with more cost-effective options for staff training.
- Having school staff which is properly trained in CPR and the use of an AED will increase the likelihood of its use in a medical situation.
- Authorizing CE credit for obtaining instructor certification and providing training is a cost-neutral incentive that benefits both the schools and the medical professional.
- The American Red Cross believes that encouraging school employees to be prepared in time of emergency, including the use of an AED, can save lives.

Con:

- The amount of CE credit offered by this bill may not be sufficient incentive for licensees to obtain instructor certification.

**STAFF RECOMMENDED POSITION:**

**NEUTRAL**— This bill will impose a minor, absorbable workload to amend CE regulations in order to grant credit for these courses.

An act to add Section 856 to the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 333, as amended, Melendez. Healing arts: continuing education.

Existing law provides for the licensure and regulation of various healing arts licensees by various boards, as defined, within the Department of Consumer Affairs and imposes various continuing education requirements for license renewal.

This bill would allow specified healing arts licensees to apply one unit, as defined, of continuing education ~~credit~~ *credit*, once per renewal ~~cycle~~ *cycle*, towards any required continuing education units for attending certain courses that result in the licensee becoming a certified instructor of cardiopulmonary resuscitation (CPR) or the proper use of an automated external defibrillator (AED), and would allow specified healing arts licensees to apply up to 2 units of continuing education ~~credit~~ *credit*, once per renewal ~~cycle~~ *cycle*, towards any required continuing education units for conducting ~~board-approved~~ CPR or AED training sessions for employees of school districts and community college districts in the state. The bill would specify that these provisions would ~~not~~ *only* apply if a licensing board's laws or regulations

establishing continuing education requirements—~~exclude~~ *include* the courses or activities mentioned above.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 856 is added to the Business and  
2 Professions Code, to read:

3 856. (a) (1) A person licensed pursuant to this division who  
4 is required to complete continuing education units as a condition  
5 of renewing his or her license may, once per renewal cycle, apply  
6 one unit of continuing education credit, pursuant to paragraph (2),  
7 towards that requirement for attending a course that results in the  
8 licensee becoming a certified instructor of cardiopulmonary  
9 resuscitation (CPR) or the proper use of an automated external  
10 defibrillator (AED).

11 (2) A licensee may only apply continuing education credit for  
12 attending one of the following courses:

13 (A) An instructional program developed by the American Heart  
14 Association.

15 (B) An instructional program developed by the American Red  
16 Cross.

17 (C) An instructional program that is nationally recognized and  
18 based on the most current national evidence-based emergency  
19 cardiovascular care guidelines for the performance of CPR and  
20 the use of an AED.

21 (b) ~~(1)~~—A person licensed pursuant to this division who is  
22 required to complete continuing education units as a condition of  
23 renewing his or her license may, once per renewal cycle, apply up  
24 to two units of continuing education credit, pursuant to paragraph  
25 ~~(2)~~; *credit* towards that requirement for conducting CPR or AED  
26 training sessions for employees of school districts and community  
27 college districts in the state.

28 ~~(2) A licensee may only apply continuing education credit for~~  
29 ~~holding a training session if the training session is approved by~~  
30 ~~the applicable licensing board.~~

31 (c) For purposes of this section, “unit” means any measurement  
32 for continuing education, such as hours or course credits.

1 (d) This section shall ~~not~~ *only* apply to a person licensed under  
2 this division if the applicable licensing board's laws or regulations  
3 establishing continuing education requirements ~~exclude~~ *include*  
4 the courses or activities described in subdivisions (a) and (b).

**Bill Number:** AB 410  
**Author:** Assembly Member Obernolte  
**Bill Version:** Amended April 27, 2015  
**Subject:** Documents Submitted to Legislative Committees  
**Sponsor:** Author

**STATUS OF BILL:** 07/16/15 Ordered to 3<sup>rd</sup> Reading.

### **SUMMARY:**

This bill would require a state agency to post all reports that are required or requested by law or by a committee of the Legislature on its Internet Web site.

### **EXISTING LAW:**

- Requires state agencies to post reports required or requested by the Legislature to be posted on its Internet Web site.

### **THIS BILL WOULD:**

- Expand the type of information which state agencies should post on their website to include all documents required or requested by the Legislature.
- Expand the definition of a "report" to include a study or audit, or a budget change proposal that has been approved by the Dept. of Finance and submitted to a legislative committee.

### **BACKGROUND:**

California's Public Records Act ensures that citizens of California are granted free and immediate access to public information.

Current law requires only reports submitted by state agencies to the Legislature as a body to be posted on the agency's web site. There is no requirement for a report or document submitted to a committee of the Legislature to be posted online; thereby, making the process of obtaining these records time-consuming and costly for the public.

### **FISCAL IMPACT:**

The amount of information that the BCE submits to the Legislature is minimal. The BCE currently posts reports and documents submitted to the Legislature or legislative committees to its website; therefore this bill would not create a significant workload or fiscal impact upon the BCE.

### **SUPPORT & OPPOSITION:**

Opposition: None on record

**ARGUMENTS:**

Pro:

- This bill would provide the public with full disclosure of state agencies reporting to the Legislature in a more efficient and cost-effective manner.
- According to supporters of this bill, the CPRA ensures that the public is granted free and immediate access to public information. All documents become subject to the CPRA once they are shared with the Legislature. However, there is no requirement that documents submitted to legislative committees be posted online. This bill simply removes any barrier for public access to reports to the Legislature by state agencies so that these reports are posted online.

Con:

- This bill may create a workload impact upon State agencies who submit a large volume of documents and reports to the legislature or committees.

- This bill would create a significant fiscal and workload impact upon State agencies that do not have a website as there is no exemption from this requirement.

**COMMITTEE RECOMMENDED POSITION:**

**NEUTRAL** – This bill would have a minimal fiscal or workload impact upon the BCE.

## Board of Chiropractic Examiners Bill Analysis

**Bill Number:** AB 179  
**Author:** Assembly Member Bonilla  
**Bill Version:** Amended June 30, 2015  
**Subject:** Healing art: continuing education  
**Sponsor:** Author

**STATUS OF BILL:** 07/07/15 Passed Comm. on Business and Professions (7-1). Re-referred to Appropriations; hearing set 08/17/15.

### **SUMMARY:**

This bill would, among other things, provide that the sexual abuse and misconduct statute does not apply to any healing arts licensee and their spouse or person in an equivalent domestic relationship.

### **EXISTING LAW:**

- Provides that any act of sexual abuse, misconduct, or relations with a patient, client, or customer as unprofessional conduct, except when the sexual contact is between physician and surgeon licensee and his or her spouse or person in an equivalent domestic relationship (BPC Section 726).

### **THIS BILL WOULD:**

- Expand the exception to all healing arts licensees that it is not unprofessional conduct for a healing arts licensee to engage in consensual sexual conduct with his or her spouse or person in an equivalent domestic relationship when that licensee provides medical treatment, other than psychotherapeutic treatment, for that person.

### **BACKGROUND:**

The provision in this bill which specifies that consensual sexual conduct between a healing arts licensee and his or her spouse or person in an equivalent domestic relationship was added to this bill at the request of the Dental Board, who believes that the existing exception for sexual contact between physician and surgeon licensees and their spouse or domestic partner, should be extended to all healing arts licensees, except psychotherapists.

### **FISCAL IMPACT:**

This bill would not impose a fiscal or workload impact upon the BCE. Cal. Code of Regs. Section 316(c) provides this same exception for chiropractors in California.

**SUPPORT & OPPOSITION:**

Support:

Dental Board of California  
Dental Hygiene Committee of California

Opposition:

None

**ARGUMENTS:**

Pro:

- This bill will provide clarity and consistency between healing arts boards in regards to allegations of unprofessional conduct for sexual contact between a healing arts licensee and their spouse or domestic partner.
- This bill will eliminate workload and costs for individual healing arts boards who may have considered the regulatory process for implementing a similar provision.

Con:

- 

**COMMITTEE RECOMMENDED POSITION:**

**NEUTRAL** – This bill will not have a fiscal or workload impact upon the BCE. Further, this bill codifies the Board’s existing regulation (Section 316(c)) regarding unprofessional conduct for sexual contact between licensees and their spouses.

An act to amend Sections ~~205, 726, 1601.1, 1616.5, 1632, 1638, 1638.1, 1638.3, 1646.6, 1647.8, 1724, 1725, 1742, 2841, 2847, 2894, 4501, 4503, and 4547~~ and 4503 of, to amend, repeal, and add Sections 205, 2894, and 4547 of, and to add Section 1650.1 to, the Business and Professions Code, relating to healing arts.

LEGISLATIVE COUNSEL'S DIGEST

AB 179, as amended, Bonilla. Healing arts.

(1) Under ~~Existing~~ *existing* law, the commission of any act of sexual abuse, misconduct, or relations with a patient, client, or customer is unprofessional conduct, except that it is not unprofessional conduct when sexual contact is between a physician and surgeon and his or her spouse or person in an equivalent domestic relationship, as specified.

This bill would expand the exception by providing that it would not be unprofessional conduct when *consensual* sexual contact is between a licensee and his or her spouse or person in an equivalent domestic relationship, as specified.

(2) Existing law, the Dental Practice Act, provides for the licensure and regulation of dentists and dental assistants by the Dental Board of

California within the Department of Consumer Affairs, which consists of 8 practicing dentists, a registered dental hygienist, a registered dental assistant, and 5 public members, and authorizes the board to appoint an executive officer to exercise powers and perform duties delegated by the board to him or her. These provisions are in effect only until January 1, 2016, and upon repeal of those provisions the board will be subject to review by the appropriate policy committees of the Legislature. The act ~~proscribes~~ *prescribes* various fees that are required to be paid by dentists and dental assistants for, among other things, an initial license and the renewal of that license.

This bill would extend the provisions relating to the Dental Board until January 1, 2020. The bill would also change various fees that would be required to be paid by a dentist, a dental assistant, or certain educational programs, as specified. The bill would, on and after January 1, 2016, require that an initial license for a dentist be no greater than \$650 and would require the fee for the renewal of that license to be no greater than \$650. The bill would, on and after January 1, 2018, require that an initial license be no greater than \$800 and would require the fee for a renewal of that license to be no greater than \$800. The bill would also require, by July 1, 2016, every applicant and licensee under the act to report to the board his or her electronic mail address, and would require the board to annually send an electronic notice to each applicant and licensee that requests confirmation of the applicant's or licensee's electronic mail address.

*Existing law creates the Dental Assisting Council of the Dental Board of California, which considers all matters relating to California dental assistants and is composed of members who shall serve terms, as specified. Existing law requires the board to make all the initial appointment of members by May 1, 2012.*

*This bill would prohibit a member from serving more than two full terms. The bill would remove the requirement for the board to make all initial appointments by May 1, 2012.*

(3) Existing law provides for the licensure and regulation of vocational nurses under the Vocational Nursing Practice Act, and psychiatric technicians under the Psychiatric Technicians Law, by the Board of Vocational Nursing and Psychiatric Technicians of the State of California. Existing law repeals these provisions on January 1, 2016.

This bill would extend the repeal date of the provisions relating to the board to January 1, 2018.

(4) Existing law establishes the Vocational Nursing and Psychiatric Technicians Fund in the State Treasury, and establishes the Vocational Nurses Account and the Psychiatric Technicians Technician Examiners Account within the fund. Existing law authorizes the Board of Vocational Nursing and Psychiatric Technicians of the State of California to collect specified fees and fines related to the board's licensure and regulation of psychiatric technicians, and prohibits the board from charging expenses for these activities from any other source.

This bill, beginning July 1, 2016, would remove that prohibition, abolish the Vocational Nurses Account and the Psychiatric Technicians Technician Examiners Account, and specify that all money in the Vocational Nursing and Psychiatric Technicians Fund shall be used to carry out the Vocational Nursing Practice Act and the Psychiatric Technicians Law.

**Board of Chiropractic Examiners**  
**Communications Assessment**  
**July 2015**

**Introduction**

At the request of the Board of Chiropractic Examiners, the Department of Consumer Affairs Office Public Affairs conducted an assessment of its communication strategies and found some suggestions for external communications noted below. As with any organization, the Board could benefit at examining its internal communications and make efforts to ensure employee engagement.

**CURRENT COMMUNICATIONS APPROACH:**

**Publications**

The Board recently produced an about "About Us" pamphlet. The Board is currently updating its "Consumers Guide to Chiropractic." The Board also produces newsletters. The last issues posted online were:

Summer/Fall 2015  
Summer/Fall 2014  
Spring/Summer 2010  
Spring 2009

**Social Media**

The Board currently has Facebook and Twitter accounts with 166 "likes" and 51 "followers."

**SUGGESTED STRATEGIES:**

**Social Media-**

**Facebook and Twitter-**

- Continue to use Social Media as a means to communicate to licensees and applicants. In an effort to solicit more engagement, host an online chat on Facebook or Twitter. Is there a specific message the Board needs to share with its licensees and applicants?

#askachiro #askchiroboard

Other examples of messaging:

- Request users to share a good experience with their chiropractor.
- Post enforcement actions or interesting information prior to Board meetings.
- Chiropractic tips with pictures.
- Information about regulation changes.

- Exam information for applicants.
  - Fun chiropractic facts— ThrowBackThurs: the first chiropractor was licensed.
- To increase the Board’s Social Media presence, the Board could work with related boards and bureaus or other partners to request new “followers” and “likes.” Send an email to interested parties’ list to solicit followers.
  - PDE can create buttons with Social Media accounts to hand out at meetings and solicit more followers.
  - The Board could add Facebook and Twitter links to their meeting agendas.
  - Contribute/collaborate to posts for *The DCA Page*. Blog receives hundreds of weekly views.
  - Create a Social Media campaign like #safesandalseason. The Board of Barbering and Cosmetology (BBC) wanted to create awareness about nail salon safety. We created a media campaign, #safesandalseason, that included branding with graphics and a hashtag, videos and messages for Social Media.

**LinkedIn-**

- Once seen as another job board, LinkedIn is becoming an emerging platform to reach an audience. For example, the Board of Accountancy, with 500 connections, uses LinkedIn to reach its licensees and their stakeholders. The National Board of Chiropractic Examiners has a LinkedIn account with 96 followers. A quick LinkedIn search shows thousands of profiles who list their professions as chiropractors. A Board LinkedIn account could easily reach thousands of licensees. The Board could also join established LinkedIn Groups, such as the Chiropractic Professionals that has over 17,000 members. By joining the group, the Board could contribute to the discussions by sharing important Board information.

**Instagram-**

- Instagram is another opportunity to be more creative using more imagery. Government organizations use it as another tool to connect with their stakeholders. Original content can include actual photographs snapped by staff or the use of graphics from stock libraries is common.

**Newsletters-**

- Newsletters should be produced more frequently—twice a year.

Hi, Dixie-

I spoke to Russ regarding the questions brought up at the July 16<sup>th</sup> meeting. Please see the responses below. Let me know if you have any questions.  
Thank you,  
Cristina

### **1. Healing arts boards social media comparison**

Please see the attached document. Some non-healing arts boards like the Board of Barbering and Cosmetology and the Bureau for Private Postsecondary Education have a strong social media presence. They use their social media accounts to reach both licensees and consumers.

### **2. Do other healing arts boards do "profiles of practitioners" on their social media? Is this something BCE can do?**

Like it was mentioned during the meeting, it's not a good idea to profile a specific licensee. The Board could post messages like the Physical Therapy Board does asking its followers to share a good chiropractic experience/story they recently had.

### **3. Online chat—does a professional member have to participate on the chat for legal reasons?**

The online chats could be geared toward licensees, stakeholders and the discussion could be about issues pertaining to the board. It would be an opportunity for licensees to ask the Board and receive immediate responses. A professional member wouldn't need to participate. It would need to be clear to the participants the chat wouldn't be a forum for free chiropractic/health advice.

Laser therapy uses specific wavelengths of light to stimulate healing (well below the skin so you don't feel a thing). Best-case scenario: The treatment can help reduce inflammation, muscle fatigue, and pain. It can also allow the therapist to move the affected joint around easier with less discomfort.

Individual Taxpayer Identification Numbers (ITINs) will expire if not used on a federal income tax return for any year during a period of five consecutive years, the Internal Revenue Service announced today. That is, the IRS will not deactivate an ITIN that has been used on at least one tax return i...

The California Safe Cosmetics Program (CSCP) collects data from cosmetic companies on products that contain a chemical ingredient known to cause cancer or reproductive harm. Website visitors can now search the CSCP database for specific products, brand names, or chemical ingredients. The new website also has useful information for workers and consumers who use cosmetics about how exposure to chemicals can affect health. <https://safecosmetics.cdph.ca.gov/search/>
