NOTICE OF TELECONFERENCE

LICENSING & CONTINUING EDUCATION COMMITTEE MEETING

May 22, 2018
12:00 p.m. – 2:00 p.m. or until completion of business

One or more Committee Members will participate in this meeting at the teleconference sites listed below. Each teleconference location is accessible to the public and the public will be given an opportunity to address the Licensing, Continuing Education and Public Relations Committee at each teleconference location. The public teleconference sites for this meeting are as follows:

Teleconference Meeting Locations:
901 P Street, Suite 142A
Sacramento, CA 95814
(Board Staff)

Dionne McClain, D.C.
6360 Wilshire Blvd., #410
Los Angeles, CA 90048
(323) 653-1014

Heather Dehn, D.C.
4616 El Camino Ave., #B
Sacramento, CA 95821
(916) 488-0202

AGENDA

1. Call to Order & Establishment of a Quorum

2. Approval of October 6, 2017 Committee Meeting Minutes

3. Review and Discussion of Strategic Plan Goal 1

4. Review and Discussion of Pending CE Provider applications; Possible Recommendation to the Full Board

5. Review and Discussion on Possible Revisions to Sections 360-366 of Title 16 of the California Code of Regulations Regarding Continuing Education; Possible Recommendation to the Full Board

6. Review and Discussion on Possible Revisions to Sections 330-331.15 of the California Code of Regulations Regarding Curriculum; Possible Recommendation to the Full Board

7. Public Comment on Items Not on the Agenda
Note: The Committee may not discuss or take action on any matter raised during this public comment section that is not included on this agenda, except to decide whether to place the matter on the agenda of a future meeting. [Government Code Sections 11125, 11125.7(a).] Public comment is encouraged; however, if time constraints mandate, comments may be limited at the discretion of the Chair.

8. Future Agenda Items
Note: The Committee may not discuss or take action on any matter raised during this future agenda
Items section that is not included on this agenda, except to decide whether to place the matter on the agenda of a future meeting. [Government Code Sections 11125.]

9. Adjournment
Board of Chiropractic Examiners

Committee Members Present
Dionne McClain, D.C., Chair
Julie Elginer, Dr. PH
Heather Dehn, D.C.

Staff Present
Robert Puleo, Executive Officer
Dixie Van Allen, Staff Services Manager
Marcus McCarther, Associate Governmental Program Analyst
Andreia McMillen, Staff Services Analyst

Call to Order
Dr. McClain called the meeting to order at 11:06 a.m.

Roll Call
Dr. McClain called roll. All Committee members were present at the locations specified on the Agenda, except Dr Dehn, who joined the meeting during discussion of agenda item #3.

Approval of Minutes

MOTION: DR. MCCLAIN MOVED TO APPROVE THE MINUTES OF THE MAY 1, 2017 LICENSING & CONTINUING EDUCATION COMMITTEE MEETING
SECOND: DR. ELGINER SECONDED THE MOTION
VOTE: 2-0 (DR. MCCLAIN– AYE, DR. ELGINER – AYE)
MOTION CARRIED
Discuss Advancements in Chiropractic Training, Education, and Regulation (Strategic Plan Goal 1.1)

Dr. McClain explained Strategic Plan Goal 1.1 and presented the following topics for discussion:

- Opportunities for improvement in licensing standards, professional conduct and requirements for continuing education. (e.g. Bachelor’s requirement, CCAT, Minimum GPA, Ethics and Boundaries Training)
- Advancements in Chiropractic Education/Training
- Research regarding chiropractic college enrollment and attrition rates, NBCE passage rates.
- Optimal CE requirements (hours/content)
- Chiropractic population in each state
- Emerging Issues

Dr. Craig Little, D.C., President/CEO, Council on Chiropractic Education (CCE), gave a PowerPoint presentation on CCE’s role of accreditation and entrance requirements for chiropractic colleges. There are two levels of criterion for students to enter chiropractic college:

1. Policy 7 – Students must complete the equivalent of 3 academic years of undergraduate study (90 semester hours) with a GPA not less than 3.0 on a 4.0 scale, and the 90 semester hours must include a minimum of 24 semester hours in life and physical science courses).
2. Alternative Admissions Track Plan (AATP) - Students must have completed a minimum of 90 semester hours and/or have a minimum GPA of 2.7 on a 4.0 scale for the 90 semester hours, be provided with academic support services to optimize their success in the program, and their school shall have policies and procedures in place that dictate active interventions based upon student needs.

Dr. Elginer inquired about the percentage of students admitted under the AATP criterion and whether there was a cap on the number of students who can be admitted.

Dr. Little clarified that there is no cap on the number of students who can be admitted into chiropractic colleges under the AATP criterion. He further clarified that data has not shown a marked difference in attrition or NBCE scores between students from either track.

Dr. Jonathon Egan, D.C., Dean, Los Angeles College of Chiropractic, shared that approximately 25% of their students who sat for the NBCE exam in September are on the alternative track. Their AATP students typically show a lower score on Part 1, but they perform as well and sometimes better on the full licensure exam than the Policy 7 students at the end of the program.

Dr. Elginer inquired about contributing factors to the success of the AATP students (i.e. which interventions or services) and whether there were data collection requirements set for schools that admit AATP students.

Dr. Little advised that the CCE is collecting data on AATP students. The standards changed in 2013 and CCE is now receiving data on the first group of AATP students who have been
cycled through the program. He expects that within a year, CCE will have more data to share with licensing boards.

David O’Bryon, President, Association of Chiropractic Colleges, stated that schools are required to post academic success rates.

Dr. Dehn inquired about whether entrance examinations were a requirement of the schools or the CCE.

Dr. Little explained that the CCE does not require schools to utilize an entrance examination, and there are currently no CCE approved schools which use an entrance exam.

Dr. Egan stated that the Learning and Study Strategies Inventory (LASSI) was recently eliminated as a requirement for entrance into LACC because data did not show a marked difference in student success in the program.

Dr. Kirk Shilts, D.C., Vice President, Federation of Chiropractic Licensing Boards (FCLB) added that the Chiropractic College Admission Test (CCAT) is equivalent to the (Medical College Admission Test (MCAT). Chiropractic colleges aren’t using the CCAT because enrollment numbers in schools have decreased; therefore, this filtering tool is unnecessary.

Dr. Elginer shared that the public may be concerned that doctors of chiropractic do not have an entrance exam requirement.

Dr. Little explained that the end product and competency level of students are more important than entrance requirements.

Dr. Shilts offered to entertain this discussion on a larger level at a future FCLB meeting.

Dr. McClain inquired about whether other states require a Bachelor’s requirements for entrance into chiropractic college.

Dr. Little stated that currently Florida requires a Bachelor’s degree.

Mr. O’Bryon shared that the ACC supports the CCE accreditation process because it is outcome driven. He further added that granular requirements in California regulations inhibit innovation in teaching.

Dr. Egan shared that differences in each state’s curriculum requirements present challenges in teaching at schools and LACC is in support of CCE’s standards.

Dr. Dehn assured Dr. Egan that the Board is aware of issues with current curriculum requirements in regulation and she has reached out to schools to assist the Board in amending the regulations.

Dr. Little added that the granular requirements in regulations are not meaningful. They are burdensome to colleges and, as a result, costly to students.
Mr. Puleo shared that the Board has experienced a decrease in the licensing population in California and inquired about some insight on whether this is happening in other states as well as what may be contributing factors to this phenomenon.

**Review and Discussion on Possible Revisions to Sections 360-366 of Title 16 of the California Code of Regulations Regarding Continuing Education; Possible Recommendation to the Full Board**

Dr. Shilts recommended that California can improve their licensing population by endorsing the PACE program which would accredit CE providers all over the nation, thereby, allowing licensees with licenses in various states to complete their CE requirements somewhere other than in California.

Dr. Dehn advised that the Board has considered including PACE in its amended CE requirements, but the rulemaking process is lengthy and many changes need to be made to overhaul existing CE regulations before this can be implemented.

Mr. Puleo added that the Board must also consider restraint of trade when considering who to approve as CE providers.

Ms. Isenberg shared that in addition to PACE, 24 states accept CE from CCE accredited colleges and exempt the colleges from being approved as a CE provider. She further added that Arizona does not provide a blanket exemption to colleges to provide CE.

Dr. Egan inquired about why a greater proportion of CE hours can’t be taken online.

Mr. Puleo shared that the Board is concerned about the quality and security of online courses and will be researching areas to improve the integrity of these courses.

Dr. Egan added that the FCLB will be assembling a task force for developing security standards for online education, which the PACE program will adopt thereafter.

Dr. McClain assured participants that the Board is aware of problematic regulations and is actively working to alleviate these issues through regulatory amendments.

Ms. Isenberg shared that among CE colleagues, Arizona is considered the most arduous and complex application process to go through and urged the Board to not adopt their regulations in their entirety.

Mr. Puleo assured Ms. Isenberg that the Board will not be adopting Arizona’s regulations in their entirety.

Ms. Isenberg inquired about whether the chiropractic population is shrinking in other states.

Mr. O’Bryon shared that granular requirements in curriculum requirements increase the cost of chiropractic education and the starting pay for chiropractors in comparison to other health care professions may be a deterrent to people entering the chiropractic profession.
Mr. Puleo inquired about whether anyone at the national level has collected data on why enrollment in chiropractic college is down.

Mr. O’Bryon shared that the ACC is working with FCLB in conducting a lifestyle survey which will provide insight into what draws people into the chiropractic profession. The last survey was conducted in 1999.

Dr. Little added that regulations dictating student faculty ratios, interview requirements, granular hour requirements, and course hour requirements in specific sciences limit a school’s ability on how they can provide chiropractic education and their ability to reduce the cost of chiropractic education.

Dr. Dehn shared that California chiropractic colleges have been asked to help draft revised curriculum requirements.

Mr. Puleo added that the Board would appreciate model language ideas and participation by any others during the Board’s curriculum revision process.

**Public Comment**
No public comment.

**Future Agenda Items**
None

**Adjournment**
Dr. McClain adjourned the meeting at 12:57 p.m.
Licensing and Professional Qualification
Ensure the continuous competency of all Doctors of Chiropractic by promoting licensing standards, professional conduct and requirements for continuing education.

1.1 Interface with the Council on Chiropractic Education in order to explore the possibility of revising entrance requirements at chiropractic colleges to enhance the quality and caliber of graduates.

Receipt No.  Date cashed JAN 25, 2018  Amount $75
Proposed Amendments to BCE’s Continuing Education Regulations

Major Policy Issues for Consideration by the Licensing & Continuing Education Committee.

Qualifying Subject Areas

Staff strongly recommends refining the subject areas for which the Board will grant CE Credit. The Board should consider eliminating subjects which are vague or overly comprehensive, such as: Philosophy of Chiropractic; Principles of Practice; Wellness; etc. Providers regularly submit applications for courses that use these titles to describe topics that aren’t focused in any substantive way on knowledge and competencies related to patient care.

Narrowing the list to specific, well-defined topics will clarify the law and streamline the course review process by establishing parameters for determining whether a course meets the requirements for approval. More importantly, these topics will ensure that training required by the Board is consistent with our Consumer Protection Mandate.

Following are suggestions for subjects directly related to core competencies and patient care.

1. Assessment and diagnostic procedures to include physical, orthopedic, and neurological procedures testing.
2. Radiology (including diagnostic imaging and interpretation).
3. Interpretation of blood and urinalysis test results.
4. Evidence-based peer reviewed chiropractic treatment clinical intervention.
5. Chiropractic adjustive techniques or chiropractic manipulation techniques.
6. Physical medicine modalities and therapeutic procedures.
7. Communicable Diseases.
9. Special population care, which shall include, but not be limited to, geriatric, pediatric, HIV, and transgender care as related to the practice of chiropractic. Instruction in this subject area must be directly related to patient care.
10. Proper and ethical billing and coding, including accurate and effective record keeping and documentation of evaluation, treatment and progress of a patient. This is not to include practice building or patient recruitment/retention or business techniques or principles that teach concepts to increase patient visits or patient fees per case.
11. Ethics and law: including but not limited to: truth in advertising; professional boundaries; mandatory reporting requirements for child abuse/neglect, elder abuse/neglect, and spousal or cohabitant abuse/neglect; and review of the specific laws, rules and regulations related to the practice of chiropractic in the State of California.
12. Sexual Boundaries between doctors and patients, including but not limited to misconduct or harassment between a licensee, patient, and staff.
13. Cardiopulmonary resuscitation, basic life support and use of an automated external defibrillator (*Note: This will probably be addressed elsewhere in the CE Regs).
Mandatory Hours

To ensure all licensees receive ongoing training in areas critical to quality of care and patient safety, the Board should identify those subject areas that are essential to the safe practice of chiropractic. Staff recommends requiring annual training, as quantified, in each of the following subject areas (14 hours total):

- Four (4) hours of continuing education in *assessment and diagnostic procedures* (as specified in Qualifying Subject Areas #1).
- Four (4) hours in *Chiropractic adjustable techniques and/or chiropractic manipulation techniques* (as specified in Qualifying Subject Areas #5).
- Two (2) hours in *ethics and law* (as specified in Qualifying Subject Areas #11).
- Two (2) hours in *sexual boundaries* (as specified in Qualifying Subject Areas #12).
- Two (2) hours in *Record Keeping* (as specified in Qualifying Subject Area #10)

The remaining 10 hours may be satisfied through any of the 8 other Qualifying Subject Areas.
