

## BOARD OF CHIROPRACTIC EXAMINERS MEETING MINUTES

July 20, 2023

The Board of Chiropractic Examiners (Board) met via teleconference/Webex Events on July 20, 2023, from the following locations:

Department of Consumer Affairs  
El Dorado Room  
1625 N. Market Blvd., Suite N-220  
Sacramento, CA 95834

4100 W. Alameda Avenue  
Third Floor  
Burbank, CA 91505

1165 Park Avenue  
San Jose, CA 95126

101 Andrieux Street  
Sonoma, CA 95476

6955 Lake Nona Boulevard  
Orlando, FL 32827

### Board Members Present

David Paris, D.C., Chair  
Laurence Adams, D.C., Vice Chair  
Rafael Sweet, Secretary  
Janette N.V. Cruz  
Pamela Daniels, D.C.  
Claudia Sandino, D.C.

### Staff Present

Kristin Walker, Executive Officer  
Dixie Van Allen, Licensing & Administration Manager  
William Walker III, Enforcement Manager  
Amanda Ah Po, Enforcement Analyst  
Tammi Pitto, Enforcement Analyst  
Sabina Knight, Board Counsel, Attorney III, Department of Consumer Affairs (DCA)  
Karen Halbo, Regulatory Counsel, Attorney III, DCA

### 1. Open Session – Call to Order / Roll Call / Establishment of a Quorum

Dr. Paris called the meeting to order at 9:01 a.m. Mr. Sweet called the roll. All Board members were present from the following teleconference locations: Dr. Paris in Sacramento; Dr. Adams in Sonoma; Mr. Sweet in Burbank; Ms. Cruz in Sacramento; Dr. Daniels in San Jose; and Dr. Sandino in Orlando, Florida. A quorum was established.

## **2. Public Comment for Items Not on the Agenda**

**Public Comment:** Falkyn Luouxmont, a student at Life Chiropractic College West, requested that the Board ask the Licensing Committee to prepare a rule edit to provide a partial point allocation to chiropractic students for the detection of no subluxation and no need for an adjustment.

## **3. Board Chair's Report**

Dr. Paris welcomed Dr. Sandino, who was recently appointed to the Board. Dr. Sandino shared that she graduated from Life Chiropractic College West, worked as a chiropractor in Spain for 15 years, and has held her California license since 1996. She added she is passionate about chiropractic involving sports, children, and neurology.

Dr. Paris reflected on the Board's accomplishments during fiscal year 2022–23, noted this is the 24th meeting in the past year, and thanked the Board members and staff for their contributions, efforts, and productivity. He also shared that the Board has continued to engage directly with stakeholders and participate in outreach opportunities.

**Public Comment:** An unidentified caller stated she is very distressed that nothing has changed on the website for consumer complaints. She stated it was not obvious that her chiropractor was so far outside of the scope of practice that she considers it to be sexual assault. She stated people need to have something set up online to give them more of an understanding of what to expect at a chiropractor's office and how to navigate these situations. She added the format of the complaint does not apply well to someone like her who observed a situation that is possibly a mental illness and predation, but she was not a victim. She stated she needs to get more help and not be swept aside so she can locate the actual victims and prevent them.

Mr. Luouxmont stated that he has been sending many emails to the Board and does not receive replies.

## **4. Update on the Department of Consumer Affairs (DCA) by the DCA Office of Board and Bureau Relations**

Judie Bucciarelli from DCA's Office of Board and Bureau Relations welcomed Dr. Sandino to the Board and provided an update on DCA's diversity, equity, and inclusion (DEI) efforts and employee trainings on DEI in the workplace, decoding unconscious bias, and the power of generational differences. She reminded the Board of the requirements for public meetings under the Bagley-Keene Open Meeting Act. She also updated the Board on DCA's Enlighten Enforcement Project, which aims to share best practices between boards to improve efficiency and standardize procedures, and DCA's Data Governance Project to improve and standardize reporting of licensing and enforcement activities.

She requested that the Board establish a standard of translating press releases into Spanish and any additional languages that may best serve their audiences. She also reminded the Board that all Board members must complete two hours of supervisory level sexual harassment prevention training, and DCA's Board Member Orientation Training (BMOT) must be completed within one year of appointment or reappointment. She added that all state travel arrangements must be made through the state's authorized travel agency and when traveling by air, all Board members and staff must select the most economical travel fares offered.

Dr. Paris requested additional information on DEI training that is available to Board members. Dr. Adams asked for a notification or checklist to help track the required Board member trainings.

**Public Comment:** None.

**5. Review and Possible Approval of January 20, 2023, April 20, 2023, and May 10, 2023 Board Meeting Minutes**

**Motion:** Dr. Adams moved to approve the minutes of the January 20, 2023, April 20, 2023, and May 10, 2023 Board meetings.

**Second:** Mr. Sweet seconded the motion.

**Public Comment:** None.

**Vote:** 5-0-1 (Dr. Paris-AYE, Dr. Adams-AYE, Mr. Sweet-AYE, Ms. Cruz-AYE, Dr. Daniels-AYE, and Dr. Sandino-ABSTAIN).

**Motion:** Carried.

**6. Review and Possible Ratification of Approved Doctor of Chiropractic License Applications**

**Motion:** Dr. Daniels moved to ratify the approved doctor of chiropractic license applications.

**Second:** Ms. Cruz seconded the motion.

**Public Comment:** None.

**Vote:** 6-0 (Dr. Paris-AYE, Dr. Adams-AYE, Mr. Sweet-AYE, Ms. Cruz-AYE, Dr. Daniels-AYE, and Dr. Sandino-AYE).

**Motion:** Carried.

## **7. Review and Possible Ratification of Approved Continuing Education Provider Applications**

**Motion:** Dr. Adams moved to ratify the continuing education provider applications.

**Second:** Dr. Daniels seconded the motion.

**Public Comment:** None.

**Vote:** 6-0 (Dr. Paris-AYE, Dr. Adams-AYE, Mr. Sweet-AYE, Ms. Cruz-AYE, Dr. Daniels-AYE, and Dr. Sandino-AYE).

**Motion:** Carried.

## **8. Executive Officer's Report and Updates on:**

- A. Administration, Continuing Education, Enforcement, and Licensing Programs
- B. Business Modernization Project and Implementation of Connect System
- C. Status of Board's Pending Regulatory Proposals
- D. Board's 2022–2026 Strategic Plan Objectives
- E. Board's Budget and Fund Condition

Ms. Walker announced that Austin Maha was hired as the Board's Administrative Technician effective May 30, 2023, and Tammi Pitto was promoted to Assistant Executive Officer effective June 1, 2023. She stated efforts are underway to refill staff vacancies in the Enforcement Unit. She explained staff has been working on improving and documenting the Board's business processes and developing expanded statistical data and metrics for inclusion in future meeting materials.

Dr. Daniels asked if the Board member resource materials have been updated. Ms. Walker stated staff is working to complete the materials and plans to release them soon. Dr. Daniels also suggested working with the other DCA healing arts boards on misinformation regarding COVID-19 and using the Board's consumers web page to help the public understand the standards for chiropractic care in California.

Ms. Walker shared that the Connect system was updated on June 29, 2023, to implement the temporary licensure process for military spouses and domestic partners, and staff is working with the system developers to upgrade to the latest version of the platform with more customization features. She added staff is working with the vendor on system stabilization and enhancing the application workflows. She also stated staff is planning to add continuing education (CE) functionality beginning with the course approval process.

Ms. Cruz asked about the status of implementing cashiering functionality in the Connect system. Ms. Walker indicated the cashiering functionality is being developed for multiple boards but has been delayed by the implementation of temporary licenses. Dr. Daniels

asked if it is still recommended to access the Connect system from a personal computer rather than a mobile device. Ms. Walker responded affirmatively and stated the Chrome web browser has been the most reliable for accessing the system. Dr. Sandino asked about the security measures for information in the Connect system. Ms. Walker stated DCA's Office of Information Services (OIS) tracks and ensures the vendor is complying with all information security requirements and standards.

Ms. Walker shared that the Connect system utilization rate is approximately 88 percent for new applicants but only 30 percent for licensees. She stated the goal is to increase the online renewal rate to 75 percent by updating the renewal notices that are mailed to licensees and through additional outreach. She also briefed the Board on the four phases of the regulatory process and the status of the pending regulatory proposals.

Ms. Cruz thanked staff for organizing the pending regulatory proposals by phases of the process. Dr. Adams commended staff for their work on the proposals.

Ms. Walker stated staff intends to develop an electronic dashboard to track the status of the 2022–2026 Strategic Plan objectives and share that information with the Board. She also presented the Board's budget and fund condition and explained approximately 40 percent of the Board's budget is allocated to staff salary and benefits, 20 percent of the budget goes directly to state and departmental pro rata, and most of the remaining budget is spent on legal and investigation services for enforcement cases.

Ms. Cruz noted the Board overspent the line item for legal services by the Attorney General's office in fiscal year 2021–22 and asked about the projections for future cases. Ms. Walker stated the issue resulted from an increase in referrals and cases that resulted in administrative hearings during 2021–22, so the Board was more proactive in negotiating stipulated settlements when appropriate to reduce those costs for legal services during 2022–23.

**Public Comment:** Mr. Luouxmont requested that the October 2023 Board meeting be made available via Webex so he can participate.

## **9. Licensing Committee Report**

- Committee Chair's Update on May 12, 2023 Meeting

Dr. Daniels reported on the Licensing Committee's extensive discussion about the issue of the overly prescriptive curriculum requirements in the Chiropractic Initiative Act (Act) and options for addressing the incomplete regulatory proposal from 2020. She also shared that she met with representatives from chiropractic programs to discuss their perspectives, challenges, and suggestions on how to move the proposal forward. She noted the current trends of hybrid learning models and competency-based education and the need for the proposal to protect California consumers while providing more flexibility to chiropractic programs. She also explained the progression model of entrustable professional activities (EPAs) in medical education and how the chiropractic

clinical requirements are currently the closest equivalent to EPAs in chiropractic education. She stated the Committee also began investigating and discussing the regulation of preceptorships in other states so the Board can establish and define the minimum requirements in California.

**Public Comment:** Mr. Luouxmont asked the Board to direct the Licensing Committee to prioritize his request for partial clinical credit for the detection and finding of no subluxation present.

Gregory Snow, D.C. stated that he runs the chiropractic educational program at Palmer Chiropractic College West Campus and is constantly battling with the outdated California regulations and current accreditation requirements. He cautioned the Board to consider whether any state-specific regulations are redundant to the accreditation standards. He also stated competency-based education would be great but there are challenges with the nuances of measuring competency while still complying with the specific number of hours required for chiropractic education.

#### **10. Enforcement Committee Report**

- A. Committee Chair's Update on June 8, 2023 Meeting
- B. Review, Discussion, and Possible Action on Committee's Recommendation Regarding Regulatory Proposal Concerning Discipline Against Licensees by Other Jurisdictions and Licensee Reporting of Convictions, Disciplinary Actions, and Other Violations to the Board (amend California Code of Regulations [CCR], Title 16, sections 304 and 314)
- C. Review, Discussion, and Possible Action on Committee's Recommendation Regarding Regulatory Proposal Concerning Continuing Education Requirements for Petitions for Reinstatement of Revoked or Surrendered Licenses (amend CCR, Title 16, section 365)

Dr. Adams presented the proposal to amend CCR, title 16, sections 304 and 314. He explained the proposal enhances consumer protection by ensuring the Board can take appropriate action against a licensee who has been disciplined by any other state or federal agency for any act or conduct that is substantially related to the practice of chiropractic in California, by clarifying the existing duty of each licensee to notify the Board of any violation of the Act by any individual, and by ensuring the Board receives timely reports of licensee arrests, convictions, and disciplinary actions.

**Motion:** Dr. Adams moved to approve the proposed regulatory text for California Code of Regulations (CCR), title 16, sections 304 and 314 in Attachment 2 of the meeting materials, direct staff to submit the text to the Director of the Department of Consumer Affairs and the Business, Consumer Services and Housing Agency for review and, if no adverse comments are received, authorize the Executive Officer to take all steps necessary to initiate the rulemaking process, make any non-substantive or technical changes to the package, and set the matter for a hearing if requested. If no adverse comments are received during the 45-day

**comment period and no hearing is requested, authorize the Executive Officer to take all steps necessary to complete the rulemaking and adopt the proposed regulations for CCR, title 16, sections 304 and 314 as noticed.**

**Second: Mr. Sweet seconded the motion.**

**Discussion:** Dr. Daniels requested clarification on the removal of the phrase “or grounds for the denial of chiropractic licensure” in the proposed text for CCR, title 16, section 304. Ms. Walker explained that phrase was deleted in the text because the conditions for denying a license based on disciplinary action against an applicant are specified in Business and Professions Code section 480.

**Public Comment:** None.

**Vote: 6-0 (Dr. Paris-AYE, Dr. Adams-AYE, Mr. Sweet-AYE, Ms. Cruz-AYE, Dr. Daniels-AYE, and Dr. Sandino-AYE).**

**Motion: Carried.**

Dr. Adams presented the proposal to amend CCR, title 16, section 365 to cap the CE requirements for petitioners for reinstatement of a revoked or surrendered license at 96 hours, or the equivalent of four renewal cycles of CE, including the mandatory hours and subject areas, and to prohibit a petitioner from receiving CE credit for a repeated course.

**Motion: Dr. Adams moved to approve the proposed regulatory text for California Code of Regulations (CCR), title 16, section 365 in Attachment 3 of the meeting materials, direct staff to submit the text to the Director of the Department of Consumer Affairs and the Business, Consumer Services and Housing Agency and, if no adverse comments are received, authorize the Executive Officer to take all steps necessary to initiate the rulemaking process, make any non-substantive or technical changes to the package, and set the matter for a hearing if requested. If no adverse comments are received during the 45-day comment period and no hearing is requested, authorize the Executive Officer to take all steps necessary to complete the rulemaking and adopt the proposed regulation for CCR, title 16, section 365 as noticed.**

**Second: Ms. Cruz seconded the motion.**

**Discussion:** Dr. Daniels asked for confirmation that the proposal would prohibit a petitioner from repeating any course, not just within the same year. Dr. Adams responded affirmatively.

Ms. Cruz asked if the Connect system will allow staff to identify when a petitioner has repeated a CE course. Ms. Walker stated staff intends to develop the CE system to track prior course approval numbers so repeated courses can be easily identified.

Dr. Daniels asked if the new mandatory CE competency areas and hours that are being implemented for licensees would also apply to petitioners under this proposal.

Dr. Adams confirmed the proposed text would require petitioners to complete the same mandatory competency areas and hours as licensees.

**Public Comment:** None.

**Vote: 6-0 (Dr. Paris-AYE, Dr. Adams-AYE, Mr. Sweet-AYE, Ms. Cruz-AYE, Dr. Daniels-AYE, and Dr. Sandino-AYE).**

**Motion: Carried.**

#### **11. Government and Public Affairs Committee Report**

- Committee Chair's Update on June 16, 2023 Meeting

Ms. Cruz briefed the Board on the Government and Public Affairs Committee's discussion of the 2022–2026 Strategic Plan objectives and implementation plan, the Board's outreach and communication plan, and the Board member onboarding and orientation process. She presented the proposed communication plan and explained the individualized approach to each of the stakeholder groups through listening sessions and targeted messaging.

Dr. Daniels expressed her support for the communication plan and suggested also including information and presentations to licensees on avoiding common enforcement violations. Dr. Paris thanked the Committee for developing the new member onboarding and orientation materials and timelines.

**Public Comment:** None.

#### **12. Review, Discussion, and Possible Action on Legislation Related to the Board, the Chiropractic Profession, DCA, and/or Other DCA Healing Arts Boards**

- A. Assembly Bill (AB) 765 (Wood) Physicians and surgeons: medical specialty titles.
- B. AB 796 (Weber) Athletic trainers.
- C. AB 814 (Lowenthal) Veterinary medicine: animal physical rehabilitation.
- D. AB 883 (Mathis) Business licenses: United States Department of Defense SkillBridge program.
- E. AB 996 (Low) Department of Consumer Affairs: continuing education: conflict-of-interest policy.
- F. AB 1028 (McKinnor) Reporting of crimes: mandated reporters.
- G. AB 1707 (Pacheco) Health professionals and facilities: adverse actions based on another state's law.
- H. Senate Bill (SB) 372 (Menjivar) Department of Consumer Affairs: licensee and registrant records: name and gender changes.
- I. SB 447 (Atkins) GO-Biz.

- J. SB 544 (Laird) Bagley-Keene Open Meeting Act: teleconferencing.
- K. SB 802 (Roth) Licensing boards: disqualification from licensure: criminal conviction.

Ms. Walker summarized AB 765, which would prohibit the use of certain medical specialty titles by any person who is not licensed as a physician and surgeon, and stated the bill was held in the Assembly Appropriations Committee and is dead for 2023. She stated the problem with the bill is that it prohibits the use of terms that describe general areas of healthcare. Dr. Daniels stated the Board needs to be actively involved in the bill and noted the Board identified many points in opposition during the last meeting.

**Motion: Dr. Adams moved to oppose AB 765 unless amended and to establish a working group to develop potential amendments to the bill.**

**Second: Dr. Daniels seconded the motion.**

**Public Comment:** None.

**Vote: 6-0 (Dr. Paris-AYE, Dr. Adams-AYE, Mr. Sweet-AYE, Ms. Cruz-AYE, Dr. Daniels-AYE, and Dr. Sandino-AYE).**

**Motion: Carried.**

Ms. Walker noted AB 796 would establish an Athletic Trainer Registration Committee within the Medical Board of California (MBC) and recommended the Board continue monitoring the bill. Dr. Daniels indicated she watched the hearing on that bill and stated there is a need for the regulation of athletic trainers.

Ms. Walker stated AB 814, which would authorize licensed physical therapists to register with the Veterinary Medical Board and provide animal physical rehabilitation, was held until 2024. She shared that AB 883, which would require DCA programs to expedite the licensure process for applicants who are enrolled in the U.S. Department of Defense SkillBridge program, is progressing through the Legislature and staff is working with OIS on the implementation requirements if the bill passes. She added AB 996, which would require a conflict-of-interest policy for CE programs, is also moving forward.

Ms. Walker reported that AB 1028, which would amend the mandatory reporting requirements when a health practitioner suspects a patient has suffered physical injury caused by assaultive or abusive conduct and would require the practitioner to provide brief counseling, education, or other support and a warm handoff to domestic or sexual violence advocacy services, is progressing through the Legislature and staff will prepare outreach materials for licensees if the bill passes.

Ms. Cruz asked if staff has reached out to any of the other DCA boards about the proposed warm handoff requirement. Ms. Walker stated the bill affects all mandated reporters and staff will reach out to the other DCA programs and advocacy service agencies to support licensees.

Dr. Paris identified the need for a clearly and operationally defined warm handoff because within hospital systems a warm handoff involves actually walking the patient to the appropriate resources.

Dr. Daniels shared her concerns with the bill language because the meaning of a warm handoff and how it would be implemented in a private practice are unclear and licensees are not trained or equipped to comply with these requirements. Dr. Adams concurred and expressed concerns with potential liability due to misinterpretation of the unclear requirements. Dr. Sandino agreed and explained that she encountered similar issues with terminology that was not well-defined while she was practicing in Spain.

Dr. Daniels indicated the bill is not in the best interest of consumer protection because it would make licensees responsible for rendering an opinion and providing counseling in an area where they lack specialized training and qualifications.

**Motion: Dr. Adams moved to oppose AB 1028.**

**Second: Dr. Daniels seconded the motion.**

**Public Comment:** None.

**Vote: 6-0 (Dr. Paris-AYE, Dr. Adams-AYE, Mr. Sweet-AYE, Ms. Cruz-AYE, Dr. Daniels-AYE, and Dr. Sandino-AYE).**

**Motion: Carried.**

Ms. Walker stated AB 1707, which would prohibit a DCA healing arts board from denying an application for licensure or imposing discipline upon a licensee on the basis of a civil judgment, criminal conviction, or disciplinary action in another state that is based on the application of another state's law that interferes with a person's right to receive sensitive services that would be lawful in this state, is moving through the Legislature and is supported by MBC, the Osteopathic Medical Board of California, and the Physician Assistant Board.

She explained DCA provided technical assistance on SB 372, which would establish a process to replace references to a licensee's former name or gender under qualifying circumstances, and the bill is progressing through the Legislature.

She shared that SB 447 includes a provision that would repeal the current ban on state-funded or state-sponsored travel to states with discriminatory laws and allow the Board to increase its participation in national and regional chiropractic events.

Ms. Walker reported that SB 544 was recently amended to require the majority of members of a state body to be present at one physical location for at least 50 percent of the meetings of the state body each year. She stated as a result, the bill would have a significant fiscal impact on the Board and would reduce the number of committee meetings the Board could conduct. She stated DCA is working with Senator Laird's office to address this issue and make technical amendments to the language.

Dr. Adams shared that the Board has been frequently conducting two-hour committee meetings by teleconference and the bill would impede the Board's accomplishments.

**Motion: Dr. Adams moved to support SB 544 if amended to reduce the percentage of meetings that require a physical location.**

**Second: Dr. Daniels seconded the motion.**

**Public Comment:** Mr. Luouxmont commented that the bill may be a gesture to keep accountability checks on the state boards.

**Vote: 6-0 (Dr. Paris-AYE, Dr. Adams-AYE, Mr. Sweet-AYE, Ms. Cruz-AYE, Dr. Daniels-AYE, and Dr. Sandino-AYE).**

**Motion: Carried.**

Ms. Walker explained SB 802 is a spot bill related to DCA, and staff will continue to monitor it in 2024.

### **13. Future Agenda Items**

Dr. Daniels requested a conversation about revoked licensees working in chiropractic offices in roles that involve contact with patients. Dr. Adams noted the Enforcement Committee is addressing the issue but is focusing primarily on the supervising licensees due to the Board's limited jurisdiction over former licensees.

Ms. Cruz requested that each committee discuss their respective topics within the Board's outreach and communication plan and assist in developing targeted messaging for their audiences.

**Public Comment:** Mr. Luouxmont asked the Board to prioritize his request for a rule edit to allow for partial clinical credit for the detection of subluxation without an adjustment due to his limited time in the clinic. He also stated he refuses to adjust someone if the measurements indicate they do not need to be adjusted.

**14. Closed Session**

- Deliberate and Vote on Disciplinary Matters Pursuant to Government Code Section 11126, subd. (c)(3)

The Board had no disciplinary matters for discussion and remained in open session.

**15. Adjournment**

Dr. Paris adjourned the meeting at 1:01 p.m.

## Attachment A

### List of Approved Applications for Initial Doctor of Chiropractic Licenses Issued from April 1, 2023 to June 30, 2023

First Name	Middle Name	Last Name	Date Issued	License No.
James	Thomas	Roman	04/07/2023	<b>DC 35177</b>
Nicollette	Marie	Hemmer	04/07/2023	<b>DC 35178</b>
Lik Shun		Chan	04/07/2023	<b>DC 35179</b>
